VOLUME 3. MARYVILLE, MISSOURI, TUESDAY, SEPT. 17, 1912. NO 91.

Old Time Street Fair, Maryville, Mo., Sept. 16, 17, 18, 19, 20, 21

ONE FROM PARIS

THE ART STUDENTS HAVE DONE SUNNY ITALY.

A PRETTY TRIP TO MILAN

Hotels Are Becoming More Interesting Than Churches Now—Statuary Better Than Meals.

Grand Hotel European, Paris, August 24.—Dear Family: Where did I leave you? At Venice, I believe. We started away in gondolas on a gray, misty morning. The country to Milan was what Cousin George calls a fine valley. He is always calling our attention to them when we are gazing at picturesque houses.

At Milan we had a nice hotel. Our room was reached by an outside walk, below which the glass covered roof of the winter dining room and green covering of the arbor for summer use made a pretty court. There were a multitude of chimneys and of most fanciful shapes on all the roofs. Each fireplace in every room had its own, I guess.

Our first trip was to the little building which contains the great "Last Supper" of Leonardo De Vinci. Some of us having missed the crowd, I acted as spokesman and explained in French to the guard that we belonged to a party having a "permisso" (from minister of interior through U. S. consul), and he actually understood me and further explained that the party had not arrived. (They had stopped at a nearby church—made No. 1 001 churches visited.) The great picture decorates one end of the rather small room. A door was cut through the lower part when the French used the place for a stable and the mark still remains. The faces are so badly preserved the expression of many is entirely lost. Colors are very rich and nice, the contrast between the black, rugged Judas and the grey-haired Peter is very striking, but I have seen so many last suppers and other meals by now that they are a little confused, and I must say I do not enjoy the sacred ones like I ought to.

The cathedral was everything that we had expected and then some. It is all white marble and the whole front covered with carved figures, especially in the semi-circle above the doors. The great size does not show from the front, but from a corner you can get the length. The interior is much like other cathedrals in Italy, the choir loft and altar both being in the nave of the building instead of cutting into the center and around the circular wall are beautiful windows of stained glass, showing Old and New Testament stories. Below them are confessionals for people of all languages.

Under the altar we looked through a grating into the crypt where many great church men are buried. You must rent a chair if you sit down to study the architecture. Italian churches are not so free as the Spanish, and when we reached Geneva they charged an entrance fee at the Presbyterian cathedral. I told the crowd it that were a Methodist place we would let them all in, then pass the hat. The beggars at the doors and guides do that all right.

We ascended the roof for 15 cents, paid at various stages of the climb. Funny how you must pay to work so hard in these parts. The first stage was really the prettiest. We could walk around on the roof among the slender buttresses and steeples. It was wonderful. Saw such lacy carving, all white marble, and on each little pinnacle a life-sized statue. On the larger ones there are five sizes of statues and half a dozen of each.

The walk to the next stage is on the outside, and the stairs are built in between a couple of flying buttresses which in turn have flowers upstanding, each of a different character, truly wonderful. We then went on up the winding stairs within the lattice-like tower, some 300 steps to the very top. We passed the stage of statues, then angels, and finally golden stars, which were set on slender spires around the tower. It was just like an initiation airship ascension, only we were working pretty hard.

From the summit we had a fine view of the entire city and country around. The greatest difference from other cities were the thousands of chimneys. Every building had "fifty-seven varieties." Some of them are double-deckers, others built like little houses, tall tin ones have parasols, slippers, sunbonnets, cages and all kinds of crooks on top. From where I sit now (Paris) I can see fifty, just on the roof of one house, and that is not nearly all it holds.

To continue the cathedral: It contains more than 2,000 statues, with spaces yet to be filled, though the roof is quite will populated now, according to my notion. However, the place is so huge you don't feel crowded along the skyline by the marble gentlemen. It is the most beautiful piece of architecture we have seen and well worth a long trip to visit it.

I forgot to say that in the interior the altar is a little building with canopy roof, from which a red velvet curtain falls and is fastened out like winks, and above and in front of it is a crucifix which glows in yellow light thrown from a small window in the dome, making a very dramatic figure in the darkness of the forest of columns.

We had such nice meals at the hotel we wanted to stay a week. The usual green almonds with fruit for dessert appeared for the last time there. They are very good. Some places we had green English walnuts. Green fruits are a delicacy with Italians. We had very little of it ripe. We spent a morning at the art gallery, where we saw Rembrandt's masterpiece, a portrait of his sister. Our principal feeling was of sorrow for him for having such an ugly sister, though, of course, it was wonderfully painted.

(To be continued.)

AT THE STATE FAIR

MANUAL TRAINING DEPARTMENT OF NORMAL WILL EXHIBIT.

WILL HAVE THREE ENTRIES

Prof. Shepherd Plans an Interesting Exhibit of These Entries in Competition With Other Schools.

The manual training and art departments of the fifth district State Normal school will be represented in the educational department of the Missouri state fair, which will be held in Sedalia, September 28-Ooctober 4.

Miss Harriet Day, director of the art department, will make entries in water colors and also in design. Frank H. Shepherd, director of the department of manual training, will have three entries, I. e., "General exhibit, twenty pieces, cabinet work or joinery." In this class Mr. Shepher dis entering the white enamel bed room set consisting of six pieces made by Fred Vandersloot, tables, taborets, book shelves and other articles made by different pupils of the department and the pupils of the training school. He will also have an entry in the art metals class, twenty pieces, brass and copper work. This entry consists of desk sets, fern dishes, jardinieres, pipe rack, match box, finger bowls, nut dishes, etc.

In the wood carving class he has entered twenty pieces, consisting of glove boxes, book ends, clock case, hand mirror frame, fruit bowl, glove darner, stocking darner, and other miscellaneous pieces carved or turned by different members of the school.

There is little hope of our manual training department winning a premium as the entry must be made in the special school exhibit, and this includes the St. Louis and Kansas City schools, where they have extensive equipment, all modern machinery, and full two to four years by their pupils in the department. Our school has very little equipment, the work is all hand work, and the pupils are in the department only one or two terms of twelve weeks each.

Miss Bess Callaway of St. Joseph and Mr. Albert Cunningham of Quincy Ill. spent Monday and Tuesday in Maryville as the guests of their relatives, Mr. and Mrs. C. A. Cunningham and family of East First street.

DO YOU NEED GLASSES?

Eyes Tested Free

Glasses Accurately Fitted by expert optician. Repairs Promptly Executed

CRANE'S

DO YOU WANT ONE

FARMERS INSTITUTES MAY BE HAD FOR THE ASKING.

WRITE THE SECRETARY

Two Dates Open in This District and an Institute Can Be Secured if It is Wanted.

Mr. Farmer, do you want a farmers' institute?

If you do it is yours for the asking.

These institutes are a provision of our state for our benefit and will be found at once interesting and instructive.

Lecturers are sent to us free but we must get interested enough to say we will go and give them a hearing.

Read the following and take action as soon as possible in order to help the secretary arrange dates.

The proposition is explained in the following letter from Secretary T. C. Wilson, of the state board of agriculture at Columbia:

"To reduce the traveling expenses of our institute lecturers the state board of agriculture authorized me to divide the state into districts, and allot to each district certain dates for holding farmers' institutes. I have divided the state into six districts, and your county is in district No. 3. I have given each district two periods of twelve days each, and the dates given to your district are December 2 to 14, and January 20 to February 1. The county newspapers were given these facts several weeks ago, and I presume they gave notice to their readers, but I wish you would ask your papers to give special and prominent notice in their columns again.

"Any place desiring a farmers' institute should notify me as early as possible that I may arrange dates to suit our lecturers. If an institute is wanted at your place write me, giving size of hall, approximate number that will attend, and the subjects that will be most interesting. I will then arrange a date for holding the institute."

TO OPEN STATE CAMPAIGN.

Big Meeting to Be Held at St. Louis Next Wednesday by the Democrats.

Former Lieutenant Governor Aug. A. Bolte will preside at the big harmony meeting which will formally open the Democratic state campaign at the Odeon theater in St. Louis on Wednesday, September 25th.

On the platform with Gov. Bolte will be W. S. Cowherd of Kansas City, James Houchin of Jefferson City and D. A. Ball of Pike county.

The "keynote speech" will be delivered by Attorney General Major, the Democratic nominee for governor. The other speakers will be Hon. Champ Clark, Senator W. J. Stone and Senator James A. Reed.

Many prominent Democrats from various parts of the state have signified their intention to be present, and a record breaking attendance is assured. The Democratic state central committee, under whose auspices the meeting is to be held, extends a cordial invitation to the Democratic voters and to the people of the state generally.

FUNERAL WEDNESDAY.

Services in Memory of Mr. F. M. Petty Will Be Held at the First Presbyterian Church at 3 o'Clock.

The funeral services for Mr. F. M. Petty will be held at the First Presbyterian church Wednesday afternoon at 3 o'clock, conducted by the pastor, Rev. S. D. Harkness. Burial will take place in Miriam cemetery.

The body will lie in state at the Petty home, 206 South Main street, from 1 0o'clock a. m. until 1 o'clock from 10 o'clock a. m. until 1 o'clock p. m. The merchants will close their places of business for one hour from 3 to 4 o'clock and all shows and concessions at the street fair will stop business for five minutes.

Six months course, Sept. 23. Make arrangements now. "An opportunity for those who work"

MARYVILLE BUSINESS COLLEGE

OLD SETTLERS' DAY

FIRST DAY OF STREET FAIR BRINGS OUT GOOD CROWD.

LOTS OF GOOD FEATURES

A Little Cool for the Old Folks, But a Good Many Were on Hand—A Big Week is Expected.

Wednesday's Program.

Draft horses, stallion and jack show on Main street in the morning. Free attractions, band concerts and other paid shows during the afternoon and evening.

Tuesday was old settlers' and old soldiers' day at the street fair, and was in reality the opening day. On Monday night a much larger crowd was on the streets than any Monday night crowd of any previous street fair, and all of the paid shows were well patronized, and so far as we have learned the shows are good and clean and the program entirely satisfactory to everybody who heard them.

The place for registration for old settlers and old soldiers is at the information booth, at the west entrance of the court house yard. Nearly all who registered Tuesday forenoon were old soldiers, and a full list will be given Wednesday. Not as many old settlers have registered as was expected, but the weather was pretty cool Tuesday morning for many to make the trip to Maryville, and it was thought that Tuesday afternoon will bring out a greater number. The attendance of the fair was large, many people coming from a distance.

Mrs. Martha Jane Conklin of Maryville was the oldest settler in Nodaway county registered up to 2 o'clock Tuesday afternoon. She is 84 years old and has lived in the county sixty-seven years. She came to Nodaway county in 1845 and settled on the Mozingo branch, east of the city. At that time the Indians were a common sight in this section, and it was three years before she saw a white person other than the members of her own family. She is the mother of sixteen children, five still living. She has fifty-three grandchildren and sixty-nine great-grandchildren. She is the mother of Mrs. Joseph Holloway, with whom she makes her home, on the Bell farm, near the city.

The names of the old settlers registered up to 2 o'clock are as follows:

Alfred Gray, Pickering, age 80, came to Nodaway county March 3, 1842.

C. W. Spillman, age 75, came to Missouri in 1877.

J. Hansen, age 79, came to county in 1877.

E. J. Baker, age 77, came to Missouri in 1868.

J. H. Green, age 73, came to Missouri in 1870.

J. L. Jones, born in Missouri, May 29, 1851.

W. L. Ruddell, came to Missouri in 1868.

Dr. J. A. Bickett, age 74, came to Nodaway county in 1858.

W. H. Frazee, 63, came to Missouri in 1848.

W. F. Smith, born in Nodaway county in 1858.

Samuel C. McCluskey, 76, came to Missouri in 1866.

J. F. Gray, born in Nodaway county in 1846.

Henry Eckert, came to Missouri in 1849, age 67.

William Funk, 75, came to Nodaway county in 1869.

J. F. Moon, 75 years old, 1855.

Peter Groppe, 64 years old, 1849.

Isaac N. Swallow, age 66, came in 1867.

B. Howard, age 78, came in 1856.

Mrs. Martha Jane Conklin, age 8[illegible] came to county in 1845.

Job Goslee, age 76, 1867.

Charles Anthony, age 67, came in 1876.

P. L. Growney, born in county in 1858.

Betsy Robinson, age 67, came in 1861.

Mrs. C. H. Carmichael, age 50, came in 1862.

J. Arthur Wray, born here in 1856.

Frank A. Woodard, age 61, came in 1858.

James Waugh of Barnard, 91, came here in 1854.

S. H. Pasco of Barnard, age 90, came in 1860.

J. R. Ford, age 79, came in 1853.

Catharine A. [illegible] age 90, came in 1870.

Mrs. J. M. Ringgold, age 62, came in 1856.

Entries at the Poultry Show.

The exhibits at the poultry show show as good birds as have been displayed at any poultry show that has been given in Maryville, in the opinion of E. L. Andrews, who is in charge of the poultry show tent. There are 203 fowls on exhibition, thirty-four pens of five each, twenty-nine trios and twelve pairs. The breeds exhibited are White, Buff and Brown Leghorns, Indian Games, Buff, Black and White Orpingtons, Single Comb and Rose Comb Rhode Island Reds, Hamburgs, Silver Lace Wyandottes, Partridges and Buff Wyandottes, Buff, White and Barred Plymouth Rocks, bantams and Indian Runner ducs.

The poultry will be judged by comparison Wednesday morning by D. C. Mohler, the ribbons placed and the cash premiums paid. The only draw back to the display is that it is so early in the season that all birds are under weight and the premiums cannot be awarded by the usual standards. It is a good show, anyway, and is attracting much attention from poultry fanciers.

Other Exhibition Tents.

There are also other exhibition tents being located on Third and Buchanan streets. They are the fruit and vegetable tent, which have many entries, and the farm and home machinery tent. A visit to any of these places will be worth your while.

Manager Hancock of the Field-Lippman piano store has erected a rest tent in front of their store on West Third street for the benefit of those that wish to sit down, and he invites the ladies and children to avail themselves of this privilege.

BIG AUTO PARADE.

Seventy-One Machines in Line and Prizes Awarded.

The first special feature of the street fair was the automobile parade on Tuesday afternoon, seventy-one automobiles taking part. The parade started from the corner of Fifth and Buchanan streets and marched down Main street and afterward lined up in front of the court house, where the prizes were awarded. The parade was headed by the Maryville band.

First prize of $20 went to No. 35, Marshal E. C. Moberly's car, driven by Will Whitney.

Second prize of $15 went to No. 22, Dave Moore's car.

Third prize of $10 went to No. 19, Roland Tabler's car.

Fourth prize of $5 went to No. 59, G. J. Moore's car.

The parade was a grand success and there were many cars from out of town. All car owners taking part in the parade were given numbers and these numbers were put in a box, a little boy drawing the four numbers.

ARRESTED FOR BEATING HORSE.

W. E. Johnson, Who Has Been Selling School Supplies, Charged With Serious Offense.

W. E. Johnson, who has been in Maryville and Nodaway county for several days, was arrested Monday on a charge of whipping and beating a livery horse that he was driving on that day. The horse belonged to the Star livery barn, and the warrant was issued by the proprietor of that barn. The horse was badly beaten and bruised so that medical attention had to be given it.

Mr. Johnson gave bond for $300 Tuesday to appear at the November term of circuit court.

SELECTED TRAINING TEACHER

School Board Employed Mr. Isiael of Kirksville for That Department in High School.

The school board employed Monday Mr. Isiael of Kirksville, Mo., as manual training teacher for that department in the high school. Mr. Isiael is a graduate of the manual training department of the Kirksville normal and has had twenty-five months' experience as teacher in this line of work. He comes well recommended.

Guests From Colorado.

Mr. and Mrs. Millard Foster of Pueblo, Col., are guests at the home of Mr. Foster's sister, Mrs. W. O. Garrett and family, north of Maryville. The visitors are here on their way home from a visit with Mr. Foster's father, D. T. Foster of Ottumwa, Ia.

Mrs. T. P. McDowell went to Hiawatha, Kan., Monday evening to spend a week with her son, James McDowell.

WILL INVESTIGATE

STATE VETERINARIANS ARE HERE FROM COLUMBIA.

HERE TO SEE SICK HORSES

Have Been to Kansas and Reports From Nodaway Caused Them to Be Sent Here—Few Cases.

S. Sheldon, state veterinarian, and J. W. Conoway, in charge of the experimental work of the veterinary department of the University of Missouri, arrived in Maryville Tuesday noon from Hoxie, Kan., to investigate the horse plague in Nodaway county. They were ordered to come here by T. C. Wilson of Columbia, who sent them the following telegram Monday:

"Member board agriculture reports many cases horse disease in Nodaway county. Go there at once."

Messrs. Sheldon and Conoway, in company with Dr. G. H. Leach, deputy veterinary here, went this afternoon out to the Peter Behm farm, where Mr. Behm has a horse sick with a disease similar to the one that killed many horses in Kansas. Dr. Leach said that this was the only case that he knew of at this time. These men will make an examination of the horse and try to find out the cause of the sickness. Dr. Leech thought that these gentlemen would return to Columbia or back to Kansas this evening, as there are not many cases reported around Maryville at the present time. It was thought that the experts would go to Burlington Junction later in the afternoon to examine a few cases of the disease there.

Messrs. Conoway and Sheldon have been in Kansas for several days investigating the horse plague.

It is estimated that about fifteen horses in Nodaway county have died of this disease within the past week or so, ten of these being from the Burlington Junction neighborhood.

SCHNEIDER ARRESTED AGAIN.

The Arkoe Man Claimed That He Was Touched in Maryville Monday and Arrested for Drunkenness.

Sam Schneider of Arkoe, well known in Maryville to the police authorities and others, was arrested again Monday night for drunkenness and fined $5 and costs by Mayor Robey. Sam also told Sheriff Tilson that he was touched while getting his horse Monday night to go home. He said that a new watch that he had purchased in the city on Monday and $11 were taken from him. He was unable to give a description of the man. Sheriff Tilson is looking around today for clues.

"THE OLD WOMAN WHO LIVED IN

And Had So Many Children She Didn't Know What to Do," and "Peter, Peter, Punkin Eater."

Yes, sir, they are all going to be here at the children's carnival, Saturday afternoon.

Of course they are. And it will be the first time that the Old Woman Who Lived in a Shoe ever before ventured out with all her children, and she will have every one of them with her.

That children's parade is going to be the finest thing that ever was yet, already. Don't miss it for anything. And Peter, Peter, Punkin Eater will be there, too.

COMMITTEE MEETING.

The Republicans to Have One on Thursday to Discuss Ways and Means.

Chairman W. F. Phares of the Republican county committee has called a meeting of that committee for Thursday afternoon in the court house. The purpose of the meeting is to discuss ways and means for the campaign. Since the Bull Moose party has captured the Republican organization and also the Republican ticket, many Republicans feel as if they have no party committee.

THE WEATHER

Generally fair tonight and Wednesday.

For Public Administrator—J. F. Roelofson.

An opponent of the single tax proposition says that the single tax and tax commission amendments are links off the same string of bologna and meat out of the same dog.

Old John L. Sullivan is to take the stump for Col. Roosevelt. Now what more is needed to convince the great American public that the Bull Moose is the original blown-in-the-bottle savior of mankind?

It is said that there are more newspapers supporting Wilson and Marshall than have supported the Democratic ticket in any campaign for fifty years. It may also be suggested that more people now have their eyes open than for many years.

A city is like an individual. To be worth while it must have an ambition to be and to do something more than to merely exist and be a way station on the road to some better place. Every town should stand for something. If it doesn't want commercial greatness it should strive for civic purity, cleanliness and the numerous little things that are within the reach of all. Every town to keep awake needs to pulse with a spirit of progress. It needs new blood in its veins occasionally. An inner organism from year to year composed of the same men with the same old ideas, the same old schemes, the same old jealousies and the same old interests means dry rot and slow death to any place. The best tonic for a town is to want to grow, to build up a bucket brigade with a big pay roll that will send a thrill of joy through the merchants' hearts at least once a month, and to extend the glad hand to all new comers that are worthy. Those who want to be so "awfully exclusive" ought to move to the Fiji islands or some place where a perpetual communion with nature is not disturbed by the exigencies of the hour.

A CANDIDATE WITHOUT CANT.

Governor Wilson says the Chicago Journal, is a candidate without cant. That alone is enough to make him remarkable in this campaign.

He has kept clear of the "conservative" cant that wrings its hands, and warns us to beware of changing even known abuses without the consent of those who profit by such abuses.

He has remained unspoiled by the "progressive" cant which consists in spitting on the tombstones of the fathers of this republic and mouthing eulogies on the bureaucratic despotisms of central Europe.

He is not even tempted by the personal cant which makes a man proclaim himself the only righteous creature in a sinful world, and the only hope of an otherwise lost and desolated nation.

Governor Wilson is a straightforward American, facing the future without apologizing for the past; justifying his faith by works, not by phrases; free to serve the people, and the whole people.

A REGULAR PRAIRIE FIRE.

Judge Wade Says Wilson is Running Strong in Iowa.

New York, Sept.—Judge M. J. Wade, national committeeman from Iowa arrived in New York from Chicago headquarters this week.

"We have a regular prairie fire in the west, made up of Wilson sentiment," said Judge Wade.

"The situation is growing more favorable to Democratic success at every tick of the clock. There is no telling where Roosevelt and Taft will stand. Personally, I think that Roosevelt will run second in the majority of the western states I feel that he will run second in Iowa, but our state chairman, who is a most excellent political judge, tells me that Roosevelt will not get more than 40 per cent of the Republican vote, and there you are.

"The Roosevelt sentiment has not crystalized, but is scattered and running around like so much mercury. We of the west are wonderfully pleased over the labor sentiment that is turning to Governor Wilson every day. The labor vote of this country is one of the most important factors in an election. The laboring man is doing his own thinking and he is going to vote as he sees fit.

"So far we find extraordinarily good news in all labor circles."

A FIVE-FOOT POCKET KNIFE.

But It's Not for Sale and is Intended to Advertise the Real Article.

A five-foot pocket knife with four blades and a buck horn handle and nickel name plate forms the center of an interesting display of cutlery in the windows of Hudson & Welch's hardware store. It was used as an advertising device at the St. Louis world's fair and attracted great crowds. It is operated by electricity and the great three-foot blades open and close with no visible power. The celebrated Keen Kutter hardware manufactured by the E. C. Simmons company and sold in Maryville by Hudson & Welch is advertised. The window is handsomely decorated and the display of cutlery intended for actual use is attractive and interesting. By all means see it.

HEARD GOV. MARSHALL.

Several From Maryville Attended the Marshall Meeting in St. Joseph Monday Night.

Gov. Thomas R. Marshall of Indiana, Democratic candidate for vice president, spoke at St. Joseph Monday night to a large crowd. Several from Maryville and Nodaway county attended the meeting. Congressman Charles F. Booher presided at the meeting and introduced Gov. Marshall, who talked for about an hour on the tariff and other issues in this campaign. Among those from Maryville that heard Gov. Marshall were O. L. Holmes, W. W. Jones, M. A. Peery, Ellis G. Cook, Henry Moore, George Robb Ellison James Todd and Charles McCaffrey.

FUNERAL AT ST. PATRICK'S.

Services for Mrs. Hannah Dooley at 9 o'Clock Wednesday Morning—Burial in St. Patrick's Cemetery.

The funeral services for Mrs. Hannah Dooley, who died at her home in this city Monday morning will take place Wednesday morning at 9 o'clock at St. Patrick's Catholic church, conducted by the pastor, Rev. Fr. Henry Niemann. Burial in St. Patrick's cemetery.

He Likes Richmond.

The Democrat-Forum is in receipt of a post card from Rev. W. J. Parvin, formerly pastor of the M. E. church, South, of this city, which bears the words "Am enjoying life around here, believe me." Mr. Parvin says those are his sentiments, and adds: "Lots of Democrats and South Methodists here, both of which suit me." The many friends of Mr. Parvin in Maryville will rejoice with him in the fact that he was assigned to so good a charge after his most excellent work here.

EASTMAN KODAKS and SUPPLIES at Crane's

ALL YOU NEED IS A CASCARET TONIGHT

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Morning.

Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the sour, undigested and fermenting food and that misery making gas; take the excess bile from your liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels. Then you will feel great.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love to take Cascarets because they taste good—never gripe or sicken.

Brought Guest From California.

Charles H. Eaton of Barnard came to Maryville Tuesday noon for a two days' visit with his daughters, Mrs. Scribner Beech, Jr., and Mrs. U. I. Willson. He was accompanied by his sister, Mrs. W. C. Price of Los Angeles, Cal. Mrs. Price will leave Maryville Wednesday night for St. Louis, where she will be met by her husband, who is there on business, and they will leave together for New York, Washington, Vicksburg and other points in the east for a pleasure trip.

Dr. and Mrs. R. E. Ferguson of Elmo were in Maryville Tuesday on their way home from a visit in St. Joseph.

MI-O-NA STOMACH TABLETS.

Banish Dyspepsia and Keep Stomach in Good Condition.

No matter how long you have suffered from a miserable upset stomach, indigestion or gastritis, MI-O-NA will end your troubles or the Orear-Henry Drug Co. will refund your money.

This same offer applies to distress after eating, gas, food fermentation, heaviness, sourness, sea or car sickness and vomiting of pregnancy.

No matter what ails your stomach, put your faith in MI-O-NA Stomach Tablets, a prescription that succeeds after all others fail. Large box 50 cents America over. Free trial treatment from Booth's MI-O-NA, Buffalo, N. Y. A postal request will do.

We are after your Grocery Order Again Wednesday

With redhot values. The quality of foods we sell are those that spell satisfaction or your money back. Prices quoted are for WEDNESDAY ONLY.

EL TIGRE MINE IS RE-CAPTURED

Federals Run Salazar's Rebels Away Without a Shot.

GOT $20,000 WORTH OF BULLION

All Demands for Ransom Abandoned in Haste to Get Away.—Even Left Horses and Cannon Behind.

Douglas, Ariz., Sept. 17.—Lucky Tiger, the rich gold mine which surrendered to Salazar's rebels Saturday, was retaken by the federal troops. No one was killed or injured, for not a shot was fired in the recapture.

It is reported that when the rebels fled before the charge of the Madero soldiers they took with them $20,000 worth of gold and silver bullion.

The federals numbered one hundred, many of them Yaqui Indians. They marched in quietly and the small band of Salazar's men who had stayed behind to demand the $100,000 ransom fled without a semblance of resistance.

Mine Officials Unmolested.

Telephone communication with the camp was restored just as the federal troops were moving in. The superintendent, L. R. Budrow, said that the rebels still were in sight going over the hills.

Although Salazar made a demand for $100,000 on threats of destroying the plant of the company valued at two million dollars, and of taking Superintendent Dudrow with him as a prisoner, none of the company officials was molested.

When the rebels departed they left four cannon and over 100 horses although all went well mounted. They also took six of their wounded who had been placed in the company's hospital in the 30 hours' fighting before the capture of the town.

In anticipation of an attack on Macozari and the Phelps-Dodge copper mining town about 80 miles south of here, all of the women and children at the camp were brought to Douglas. About 60 refugees arrived, making the entire trip in about six hours.

Orozco a Prisoner?

El Paso, Tex., Sept. 17.—Six prisoners are held by United States troops at Presidio, Tex., opposite Ojinaga, Mexico, where Gen. Trucy Aubert has just arrived with 1,500 federal troops. Among the prisoners are all of the advisors and principal leaders of Gen. Pascual Orozco, jr., the rebel commander-in-chief.

It is believed that the person giving his name as Col. Pablo G. Orozco, a distant relative of the rebel leader, is the rebel leader himself.

WRANGLE OVER GRADE CROSSING

New Interurban Road Gets Injunction Against Railroads Entering St. Joseph.

St. Joseph, Mo., Sept. 17.—Circuit Judge Amick granted a temporary injunction restraining the Chicago, Burlington & Quincy, the Santa Fe and the Chicago, Rock Island & Pacific railroad companies from interfering with the Kansas City, Clay County & St. Joseph electric in the construction of a crossing near the south city limits.

It is said that because of the refusal of the interurban to share in the expense of an interlocking system at the crossing the steam roads are seeking to prevent it from crossing their tracks at grade. A hearing will be given some time next week.

REFUSES TO DISCHARGE POLICE

Coffeyville's Mayor Will Not Comply With Demand of County Prosecutor.

Coffeyville, Kan., Sept. 17.—Mayor E. C. Rice of this city, who was asked by County Attorney Clark to discharge the entire police force because of an alleged negligence in the enforcement of the Prohibitory Law in Coffeyville, answered the prosecutor by declining to do as requested. His reason is that there is no evidence against the policemen.

Hal Clark, county attorney, ordered the mayor to discharge the entire police force, from the chief down, threatening the mayor with ouster proceedings if he did not obey.

Coal Strike Continues.

Charleston, W. Va., Sept. 17.—Hopes of settling the strike in the Kanawha coal fields of West Virginia diminished when the coal operators refused to accept Governor Glasscock's plan of arbitration jointly offered the operators and miners. The plan was agreeable to the miners. The operators refused to accept it on the ground that all men, both union and nonunion, would not abide by the decision.

Lake Steamer Wrecked?

Dunkirk, N. Y., Sept. 17.—The crew of the fish tug Dunkirk reported twenty hatches, a chair and a piece of the railing of a steamer floating off Ripley. One of the hatches, which was marked "Steamer Neptune," was brought to Dunkirk by the crew. A message just received from Ripley says the authorities at that point have no knowledge of a wreck off that port.

NO IMMUNITY FOR HARVESTER MEN

Heads of Great Trust Not to be Whitewashed in Investigation.

"HIGHER-UPS" NOT TO TESTIFY

Those Responsible for Organization of Great Combination Cannot Escape Prosecution by the Usual Method.

Chicago, Sept. 17.—There is to be no "immunity bath" for George W. Perkins, Cyrus H. McCormick, Charles Deering or other leading spirits in the organization of the International Harvester company which the government charges was formed in violation of the Sherman anti-trust act.

Neither Perkins, McCormick nor Deering, it was just announced, will be called as witnesses in the pending civil suit to dissolve the corporation, for fear such testimony would grant them immunity.

Criminal Prosecution Likely.

This announcement gave the first intimation that the government is contemplating the possibility of criminal prosecution against the men responsible for the formation of the giant combine which the government charges violates the Sherman anti-trust act.

Joseph R. Darling, special agent of the department of justice, in charge of the preparation of evidence against the Harvester company, made it known that Perkins, McCormick and Deering were not to be summoned.

"The government does not propose to allow these men to gain immunity by testifying in the civil suit," he explained. It will be remembered that the packers in the 1906 prosecution of the beef trust gained an "immunity bath' because of the information which they had furnished the government. We do not intend to have a similar thing happen in the prosecution of the Harvester company."

"Does that mean that the big men in the harvester trust will be prosecuted criminally?" Mr. Darling was asked.

"It means that the government will take no chances of granting them immunity from such prosecution," he replied.

Subordinates to be Quizzed.

Such evidence as the government wants in the civil suit will be obtained from subordinate officers of the International Harvester company and from men who though actively concerned in the promotion of the trust, have taken no active part in its management for years and are thereby protected from possible prosecution by the statute of limitations.

William H. Jones, almost an octogenarian, came from a retirement of four years in response to a subpoena to tell about the organization of the combine, in which all harvester companies with the exception of four comparatively small enterprises were merged.

Mr. Jones was questioned before special examiner Robert S. Taylor of Duluth, in Judge Landis' court room.

AGED TEACHER BURNED TO DEATH

Explosion of Can of Coal Oil Ends Life of Instructor in Soldier's Orphans' Home.

Atchison, Kan., Sept. 17.—Miss Jeanette Russell, 50 years old, an instructor at the State Soldiers' Orphans' Home, died early in the morning from burns received when a can of oil exploded. She was a sister of Mrs. Jessie Branaman, wife of a Kansas City physician. Miss Russell had been employed here for six years.

Oppose Convict Labor.

Sedalia, Mo., Sept. 17.—Whether the school books used by Missouri children shall be printed by convict labor was the most important matter discussed by the 159 delegates at the twenty-first annual convention of the Missouri State Federation of Labor here. A number of the delegates are women. The federation took a unanimous stand in opposition to the employment of convict labor.

Voted a Capital Site.

Guthrie, Ok., Sept. 17.—By a vote of 1,559 to 9, Guthrie voted to transfer to the state free title to the Guthrie Convention Hall and fourteen acres of ground surrounding it for state capitol purposes in case the capital is voted to Guthrie permanently on November 5. The deed to the property will be issued immediately and placed in Governor Cruce's hand.

No Gold in the Arctics.

St. Johns, Newfoundland, Sept 17.—After great hardships in the frozen North Capt. J. Bartlett of the steamer Neptune of this port, who headed a gold hunting expedition to Baffin Land, returned here, reporting the loss of one of his ships and the discovery of extensive coal deposits, but no gold.

Stop Flying at Dusk.

Chicago, Sept. 17.—Twilight flying was barred by officials of the Illinois Aero club as a result of the death of Howard Gill, who was killed Saturday in a midair collision, due partly to the semi-darkness.

The Mason Automobile

Is a two cylinder horizontal opposed; water cooled engine; the best, strongest and most durable all purpose car on the market.

Gene Dowis

Says the Mason will develop more power with less fuel, last longer and go further without any adjustment than any other Automobile manufactured in the United States under $2,500.00

The Mason Automobile

Is the first successful and most powerful two cylinder car that has ever been placed on the market.

The Heart

Of an Automobile is the engine, magneto and carburetor. If these three are properly designed to work together it is easy to drive as slow as a man can walk, or speed up to a mile a minute, without touching a pedal or lever. The Mason Automobile can do this with less machinery than any fourcylinder car manufactured in the world. Now Farmer, Doctor, Liveryman and Rural Route man, why should you buy a two cylinder Mason car instead of a four-cylinder car?

Because

First, you get more power and less expense. It costs $3 license fee per year on a two-cylinder car and $8 per year on a four-cylinder car. You won't use half as much lubricating grease on a two-cylinder car as you do on a four-cylinder car.

Why?

Because there are only one-half as many working parts to lubricate. It takes two more spark plugs to keep a four-cylinder car running, two more cylinders, two more pistons, 6 more piston rings, 2 more connecting rods and bearings, 4 more valves and valve springs, twice as much wiring and more than twice the expense tokeep in working order. It costs twice as much to have a four-cylinder car cleaned up as it does a two-cylinder car and on our four-cylinder cars the tire expense is almost double. You can develop more pulling power to the driving wheels of a two-cylinder car than you can a four-cylinder car; you have no sliding gear transmission to break up in our two-cylinder car; you have no fans and belts to bother with in our two-cylinder car; you have only half as many pedals and levers to keep in repair; your sparking devices will last twice as long on a two-cylinder car and won't give as much trouble as our four-cylinder car; our two-cylinder car cranks at the side, lessening the danger of being knocked down and run over by a four-cylinder car; the weight on the wheels of our two-cylinder car is more equally distributed on all wheels than on a four-cylinder car which insures more ease and comfort in riding over rough roads; our two-cylinder car has the same brake power as pulling power, therefore insuring the safety of your lives on hills or grades; our two-cylinder car has the gas tank in front of the engine which insures a good flow of gas to the power plant when going up a grade; the oiler on our two-cylinder car is force feed to all bearings, which insures long life and good service. Mr. T. W. Temple, of McPherson, Kansas, writes the company at Waterloo, Iowa, and says he owns a two-cylinder Mason car, Model A, that he bought of the Kansas City agent three years ago. Mr. Temple is in the livery business at the above place. He says he has drove this Mason car over fifty thousand miles and the most remarkable thing is that it has never had a bearing replaced in it, either in the machinery or running gear. And it has had hard service all its past life and has been used a number of times dragging in dead cars and forced to pull heavy loads besides 6 and 8 passengers. He says it is still giving good service and if they keep oil in the oiler it will give as m any more miles as it has in the past. Of all the drives that have been experimented with in the past—thebeval gear, the spur gear and worm gear—the chain and sprocket gear has proven itself to be the most reliable, most durable, easiest fixed, quietest running and longest lived of any of them. I say that no car on earth, selling at the price, will give as long and g ood service as the two-cylinder Mason Automobile

SHERIDAN, MIS...

$100 REWARD FOR AN AUTOMOBILE AS GOOD AS THE MASON

Warning! Don't leave the Street Fair grounds at Maryville until you have seen the wonderful exhibition of power shown yo by the Mason Hill Climbers, the best Automobile for the money on the market. An ounce of demonstration is worth more to you than a ton of talk. Come and see us at the Street Fair.

The Mason Does It in Spite of Hills, Sand or Mud

THE CAR THAT NEVER MET DEFEAT IN ANY CONTEST

Always Ready—Always Gets There—Always Gets Back

It is Most Gratifying to have others claim that their Cars are as Good as the Mason

But when they claim to have climbed our 50 per cent incline as easy as the Mason does, or that they have climbed it at all, we must insist that they are stating what they know to be an unqualified falsehood.

No car of any make, power, or price has ever been able to equal our stunt

And we have been giving the same exhibition on the incline for the last six years, and have always invited others to try it, and all have failed.

Ability to climb hills—go through sand and mud is not our only quality.

We have speed. We have artistic lines and finish. We have easy riding and above all, durability that comes from years of comprehensive, intelligent and honest building of motor cars.

Nothing short of a personal trial can give you even an approximate idea of the efficiency, durability, and general all around superiority of our automobiles and light delivery cars.

After 9 years of unqualified success in producing automobiles we have come to the point where we know that we can and do produce the most satisfactory all around car at anywhere near our price.

It takes more than money, paper and printer's ink to produce a satisfactory automobile. It requires all these plus experience and intelligent comprehension of results.

Price should be the last thing to be considered in buying a car. "You can't get something for nothing."

While it is true that in building automobiles, there is used by different manufacturers the same motor, transmission clutch, wheels, axles, etc., they do not all use the same class of labor, or the same supervision in construction. That labor element is one that cannot be seen, it cannot be discovered except after long use. Open and closed bodies, two or four cylinders, chain or shaft drive, and any color you want.

Mason Motor Company, Waterloo, Iowa

or Gene Dowis, Sheridan, Missouri

Delegates to Presbytery.

Rev. S. D. Harkness, D. E. Hotchkin, Charles Wadley, Hal T. Hooker, John Dempsey and G. W. Demott went to St. Joseph Tuesday morning to attend the meeting of the Platte presbytery in session there this week. They will return for the funeral service of the late Mr. Petty Wednesday afternoon.

Many Driven From Home.

Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. It helps in coughs, colds and grip, croup, whooping cough and sore lungs make it a positive blessing. 50c and $1.00. Trial bottle free. Guaranteed by the Orear-Henry Drug Co.

Back From Vacation.

Miss Katherine Yehle returned Monday evening from a week's visit with the family of J. J. O'Connell of Corning, Ia.

Uncle Ezra Says

"It don't take more'n a gill uv effort to git folks into a peck of trouble," and a little neglect of constipation, biliousness, indigestion or other liver derangement will do the same. If ailing, take Dr. King's New Life Pills for quick results. Easy, safe, sure, and only 25 cents at the Orear-Henry Drug company.

Protection from loss by windstorms, fire or lightning is business, either in country or city. You owe it to yourself and family. Consult me now for special rates and terms, or phone me and I will call.

CHARLES HYSLOP.
General Agent.

The "Net"

Is the name of the big fifteen thousand dollar serial story which will appear in the Weekly Kansas City Star soon, for the newspaper rights of which the author received $15,000. The story, pronounced the greatest this popular novelist has written, will not be published as a book until it has run serially in this newspaper.

The theme is the Italian Mafia, and against that sinister background the author has thrown the softer colors of an absorbing and fascinating love story. The story, while tragic in tone, has the humor, springhtliness and action that have characterized his previous successes.

"The Net" will be continued in liberal installments each week, with fifteen powerful illustrations by Howard Giles. The subscription price of the Weekly Kansas City Star is 25 cents a year.

Subscribe now and avoid missing a copy. Address the Weekly Kansas City Star, Kansas City, Mo.

Keeps Your Stove
"Always Ready for Company"

A bright, clean, *glossy* stove is the joy and pride of every housekeeper. But it is hard to *keep* a stove nice and shiny—unless Black Silk Stove Polish is used.

Here is the reason: Black Silk Stove Polish *sticks right to the iron*. It doesn't *rub off or dust off*. Its shine lasts *four times* longer than the shine of any *other* polish. You only need to polish *one-fourth* as often, yet your stove will be *cleaner, brighter* and *better looking* than it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. If you do not find it *better* than any other stove polish you have *ever* used *before*, your dealer is authorized to refund your money. But we feel sure you will agree with the *thousands* of *other* up-to-date women who are now using Black Silk Stove Polish and who say it is the "*best stove polish ever made.*"

LIQUID OR PASTE
ONE QUALITY

Be sure to get the *genuine*. Black Silk Stove Polish costs you *no more* than the ordinary kind.

Keep your grates, registers, fenders and stove pipes bright and free from rusting by using **BLACK SILK AIR-DRYING ENAMEL**. Brush free with each can of enamel only.

Use **BLACK SILK METAL POLISH** for silver ware, nickel, tinware or brass. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.

Sunday a Big Day for Mt. Ayr.

Despite the inclement weather Sunday proved to be a great day for the Mt. Ayr M. E. church. A large crowd greeted the pastor at the morning service and listened very attentively while he preached to the new converts on the subject "How to Live a True Christian Life." Text found in Col. 3:17. At the close of this service seven new members were secured for the Epworth League and twenty-two persons were baptized, fourteen by sprinkling and eight by immersion. At 8 o'clock p. m. the pastor preached on "Repentance and Regeneration"—text Mark. 11:15, after which two souls responded to the invitation and were converted. This evening being the last evening of the meeting, the doors of the church were opened and twenty-three adults presented themselves as candidates for membership. The pastor had them take their place about the chancel, and after satisfactory answers were given to his questions they were given the right hand of fellowship and welcomed into the church.

The pastor and people were very much pleased with the result of this grand meeting, and every effort will be put forth toward the spiritual growth and vital piety of these new members.

Mt. Ayr church will have her shingling bee on Thursday, September 26. Everthing will be ready for business and dinner on the ground at the proper hour. There will be a short sermon delivered at the close of the dinner hour before returning to work. Everybody come and bring your hammer and see a house roofed for the Lord in a single day. Other improvement will be made later on, such as papering and planting a nice grove. Hurral for Mt. Ayr.

W. E. ROYSTON, Pastor.

Have Guests From California.

Mr. and Mrs. S. P. Hargar of Haywards, Cal., are in Maryville on a visit to Mrs. Hargar's niece, Mrs. B. E. Condon and family. Mrs. Condon's parents, Mr. and Mrs. George B. Vaughn of Berkeley, Cal., will arrive this week for a visit.

To Old Soldiers' Reunion.

Mr. and Mrs. Alex Gray went to Darlington Tuesday to visit their son, James Gray, and attend the old soldiers' reunion in progress there.

Here From Texas.

Mr. and Mrs. P. J. Gallagher of Houston, Texas, arrived Tuesday noon on a visit to Mrs. Gallagher's parents, Mr. and Mrs. M. M. Tobin.

Returned to Wellington.

George W. Fink, who has been visiting in Maryville for the past week, returned to his home at Wellington, Kan., Monday evening.

Mrs. W. J. Farnan and Mrs. M. Sorensen of Clyde were in Maryville Tuesday morning on their way to St. Joseph.

Mrs. Dan Holmes and daughter went to Creston Tuesday for a visit with her parents, Mr. and Mrs. M. C. Bean.

TURKO-ITALIAN PEACE IS NEAR

Terms Practically Arranged With Exception of Loan to Turkey.

DEMANDS 600,000,000 FRANCS

Italy Now Negotiating for Money with English, French and Belgian Financiers.—One Mediterranean Port Retained.

Paris, Sept. 17.—The terms for peace between Italy and Turkey have been practically arranged with the exception of a proposed loan to Turkey of between 500,000,000 and 600,000,000 francs, concerning which Italy is now communicating with French, English and Belgium financiers, according to a telegram just received by the Paris Temps from Rene Puaux, one of its editors, at Geneva.

The terms of the proposed settlement include, the dispatch states, the Porte's acceptance by the Porte that Italian occupation of Tripoli is an accomplished fact, Turkey being permitted to retain a Mediterranean port at one of the extremities of Libya, with a strip of territory allowing communication with the Arabs in the interior.

To Pay Turkish Debts.

Provision also is made for the recognition of the spiritual suzerainty of the sultan in Tripolitania; for the payment of monetary grants to the Arab chiefs by Italy, which also will pay to Turkey annually a certain amount of the national debt, this payment being guaranteed by revenue derived from Libya; and for the cession to Turkey of some portion of Italian military in the Red Sea as compensation for the loss of Tripoli.

The Italian delegates objected to the suggested retrocession of a part of Massowah in the Italian colony of Eritrea, and this may be eliminated. The question of the status of the Aegean islands has not been raised, the writer concludes, as Italy is aware that the powers would not agree to their retention by Italy.

BRUTAL EXHIBITION WAS FATAL

Mexican Bull Fighter is Killed by Infuriated Animal at Los Angeles.

Los Angeles, Cal., Sept. 17.—Francisco Del Valle Frasquito, a bull fighter, was the first victim of the celebration of Mexican Independence day. Frasquito is dying, gored through by a bull, which he attempted to throw by the horns.

With thousands of Mexicans gathered about the inclosure at a park here, Frasquito sprang over the wall, roused the bull to rage by waving a red flag and, as it dashed at him, caught its horns. His hands, damp with perspiration, slipped, and the bull threw him into the air, catching him on its horns. Then it dropped him to the ground, pawed him and gored him. Before attendants with pitchforks could reach the spot, the bull, apparently satisfied, trotted away.

LOW NECK DRESSES ARE BARRED

Wichita Women Must Be Fully Dressed if They Wish to Meet Cardinal Gibbons.

Wichita, Kan., Sept. 17.—Bishop Kenesy of Wichita, who has got as far as Chicago in his journey to meet Cardinal Gibbons of Baltimore, who will preside at the dedication of St. Mary's Cathedral here Wednesday, read Ralph H. Faxon, secretary of the Business Men's association, "that etiquette of the occasion demanded that the women guests who attend the reception shall wear neither low neck or short sleeve gowns."

Mr. Faxon will pass out the information to those who are contemplating attendance on the dedication and they must govern themselves accordingly.

Try Bride for Murder.

Pittsburgh, Pa., Sept. 17.—Charged with the murder of her father, John Lockey, Mrs. Mary M. Muir, 17 years old, pleaded "not guilty" when placed on trial here. The killing followed the girl's marriage against her parents' wishes. Following her return from her elopement and marriage to John Muir, she says her father choked her and then she stabbed him with a bread knife.

Fired on American Sailors.

Bluefields, Nicaragua, Sept. 17.—American sailors from the gunboat Tacoma were fired upon in the streets here in an anti-American demonstration incident to the celebration of the anniversary of Central American independence. A mob of excited Nicaraguans was formed immediately and for a short time bloodshed was threatened.

Killed Sleeping on Track.

Neosho, Mo., Sept 17.—Frederick Dorar of Camden County Missouri, 60 years old, was struck by a fast Kansas City Southern freight train a few miles north of Neosho and killed. He was sitting on the track and it is supposed, had stopped to rest and fallen asleep.

MISS BRIGGIE COLLINS DEAD.

Death Came at 12:30 o'Clock Tuesday Noon—Funeral Arrangements Not Yet Made.

Miss Briggie Collins, a daughter of Mr. and Mrs. Dennis Collins, living six miles north of Maryville, died at 12:30 o'clock Tuesday noon of consumption. The funeral services have not as yet been arranged for.

Miss Collins had been in failing health for the past two or three years and had spent the greater part of that time in New Mexico and Colorado in the hope of benefiting her health, but she continued to fail and came home last April, and for the last six weeks had been confined to her bed.

She was born twenty-nine years ago on June 28, in Atchison county. Her parents moved to Nodaway county when she was a small child, to the farm they now occupy. She was a graduate of the Maryville seminary and of St. Joseph academy at Tucson, Ariz. She taught in the schools of Nodaway county and in Colorado and Arizona for four years and was a capable student and teacher.

She is survived by her parents, two sisters and two brothers. Her sisters are Mrs. Zello Mullin of St. Joseph, Miss Anna Collins, at home; Richard Collins, a student at Creighton university at Omaha, and Dennis Collins, Jr., at home.

Cases Filed Today.

The following cases were filed today in the circuit clerk's office for the November term of circuit court:

Ben F. and Alex Litts vs. George A. Council, an injunction suit. Shinabargar, Blagg & Ellison, attorneys for the plaintiff, and Cook, Cummins & Dawson, attorneys for the defendant.

Farmers State bank of Skidmore vs. B. C., John W. and Mary C. Holt. Shinabargar, Blagg & Ellison attorneys for the plaintiff.

Lizzie Gray.....Burlington Junction

TO SEEK IMMUNIZING SERUM

HORSE PLAGUE TO BE STUDIED AT KANSAS CITY.

State of Kansas Will Soon Have Three Laboratories Busy in Search for Cure.

Tokeka, Sept. 17.—A third experiment station to try to work out a cure for the horse plague that has killed 22,000 Kansas horses in the last six weeks will be established immediately in Kansas City.

Dr. A. Sophian, a specialist on meningitis and infantile paralysis from New York, will have charge of the experiments to try to develop a serum or antitoxin that will make horses immune from the disease and cure them.

J. H. Mercer, state live stock sanitary commissioner, arranged for the purchase of four horses at Dodge City that have had the disease and entirely or partly recovered. Doctor Sophian is to furnish free use of his laboratory materials and do all the work needed to work out the experiment of obtaining a serum from the four animals that will cure and immunize sick and well horses.

The state agricultural college is carrying on a similar experiment but on a different theory at Hoxie and the state university is working along another theory at Ness City. The agricultural college work is based on the idea that a bacteria causes the disease and the university is developing the theory that a virus and not an organism is causing it. The experiment of Doctor Sophian covers both these theories partly and will be devoted entirely to making a curative serum.

Reports received by Mr. Mercer from all parts of the infected district indicated slight improvement over the conditions of Saturday. There were fewer cases, fewer deaths and the new cases do not appear so malignant as those which appeared earlier in the outbreak of the disease.

STANDARD OIL HAS COMPETITION

British Steamer Arrives With 6,000 Tons of Benzine From Sumatra and Burmah.

Seattle, Sept. 17.—The British tank steamship Romany has just arrived from Singapore with 6,000 tons of benzine to be delivered at a new plant at Richmond Beach north of Seattle.

The benzine was produced in Sumatra and Burma. It will enter into competition with the product of the Standard Oil company and preparation has been made for the handling of great quantities of the Asiatic oil.

Dirigible Goes to Sea.

Heligoland, North Sea, Sept. 17.—The German fleet composed of 22 battleships, six large and 11 small cruisers, flotillas of torpedo boats and torpedo boat destroyers and a number of auxiliary vessels, was reviewed off this island by the German Emperor. Fifteen passengers on board the Zeppelin dirigible balloon Hansa were among the spectators.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help.

I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui.

The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways.

Try it.

ONE FROM PARIS

THE ART STUDENTS HAVE DONE SUNNY ITALY.

A PRETTY TRIP TO MILAN

Hotels Are Becoming More Interesting Than Churches Now—Statuary Better Than Meals.

Grand Hotel European, Paris, August 24.—Dear Family: Where did I leave you? At Venice, I believe. We started away in gondolas on a gray, misty morning. The country to Milan was what Cousin George calls a fine valley. He is always calling our attention to them when we are gazing at picturesque houses.

At Milan we had a nice hotel. Our room was reached by an outside walk, below which the glass covered roof of the winter dining room and green covering of the arbor for summer use made a pretty court. There were a multitude of chimneys and of most fanciful shapes on all the roofs. Each fireplace in every room had its own, I guess.

Our first trip was to the little building which contains the great "Last Supper" of Leonardo De Vinci. Some of us having missed the crowd, I acted as spokesman and explained in French to the guard that we belonged to a party having a "permisso" (from minister of interior through U. S. consul), and he actually understood me and further explained that the party had not arrived. (They had stopped at a nearby church—made No. 1 001 churches visited.) The great picture decorates one end of the rather small room. A door was cut through the lower part when the French used the place for a stable and the mark still remains. The faces are so badly preserved the expression of many is entirely lost. Colors are very rich and nice, the contrast between the black, rugged Judas and the grey-haired Peter is very striking, but I have seen so many last suppers and other meals by now that they are a little confused, and I must say I do not enjoy the sacred ones like I ought to.

The cathedral was everything that we had expected and then some. It is all white marble and the whole front covered with carved figures, especially in the semi-circle above the doors. The great size does not show from the front, but from a corner you can get the length. The interior is much like other cathedrals in Italy, the choir loft and altar both being in the nave of the building instead of cutting into the center and around the circular wall are beautiful windows of stained glass, showing Old and New Testament stories. Below them are confessionals for people of all languages.

Under the altar we looked through a grating into the crypt where many great church men are buried. You must rent a chair if you sit down to study the architecture. Italian churches are not so free as the Spanish, and when we reached Geneva they charged an entrance fee at the Presbyterian cathedral. I told the crowd if that were a Methodist place we would let them all in, then pass the hat. The beggars at the doors and guides do that all right.

We ascended the roof for 15 cents, paid at various stages of the climb. Funny how you must pay to work so hard in these parts. The first stage was really the prettiest. We could walk around on the roof among the slender buttresses and steeples. It was wonderful. Saw such lacy carving, all white marble, and on each little pinnacle a life-sized statue. On the larger ones there are five sizes of statues and half a dozen of each.

The walk to the next stage is on the outside, and the stairs are built in between a couple of flying buttresses which in turn have flowers upstanding, each of a different character, truly wonderful. We then went on up the winding stairs within the latticed tower, some 300 steps to the very top. We passed the stage of statues, then angels, and finally golden stars, which were set on slender spires around the tower. It was just like an initiation airship ascension, only we were working pretty hard.

From the summit we had a fine view of the entire city and country around. The greatest difference from other cities were the thousands of chimneys. Every building had "fifty-seven varieties." Some of them are double-deckers, others built like little houses, tall tin ones have parasols, slippers, sunbonnets, cages and all kinds of crooks on top. From where I sit now (Paris) I can see fifty, just on the roof of one house, and that is not nearly all it holds.

To continue the cathedral: It contains more than 2,000 statues, with spaces yet to be filled, though the roof is quite will populated now, according to my notion. However, the place is so huge you don't feel crowded along the skyline by the marble gentlemen. It is the most beautiful piece of architecture we have seen and well worth a long trip to visit it.

I forgot to say that in the interior the altar is a little building with canopy roof, from which a red velvet curtain falls and is fastened out like winks, and above and in front of it is a crucifix which glows in yellow light thrown from a small window in the dome, making a very dramatic figure in the darkness of the forest of columns.

We had such nice meals at the hotel we wanted to stay a week. The usual green almonds with fruit for dessert appeared for the last time there. They are very good. Some places we had green English walnuts. Green fruits are a delicacy with Italians. We had very little of it ripe. We spent a morning at the art gallery, where we saw Rembrandt's masterpiece, a portrait of his sister. Our principal feeling was of sorrow for him for having such an ugly sister, though, of course, it was wonderfully painted.

(To be continued.)

AT THE STATE FAIR

MANUAL TRAINING DEPARTMENT OF NORMAL WILL EXHIBIT.

WILL HAVE THREE ENTRIES

Prof. Shepherd Plans an Interesting Exhibit of These Entries in Competition With Other Schools.

The manual training and art departments of the fifth district State Normal school will be represented in the educational department of the Missouri state fair, which will be held in Sedalia, September 28-Ooctober 4.

Miss Harriet Day, director of the art department, will make entries in water colors and also in design. Frank H. Shepherd, director of the department of manual training, will have three entries, i. e., "General exhibit, twenty pieces, cabinet work or joinery." In this class Mr. Shepher dis entering the white enamel bed room set consisting of six pieces made by Fred Vandersloot, tables, taborets, book shelves and other articles made by different pupils of the department and the pupils of the training school. He will also have an entry in the art metals class, twenty pieces, brass and copper work. This entry consists of desk sets, fern dishes, jardinieres, pipe rack, match box, finger bowls, nut dishes, etc.

In the wood carving class he has entered twenty pieces, consisting of glove boxes, book ends, clock case, hand mirror frame, fruit bowl, glove darner, stocking darner, and other miscellaneous pieces carved or turned by different members of the school.

There is little hope of our manual training department winning a premium as the entry must be made in the special school exhibit, and this includes the St. Louis and Kansas City schools, where they have extensive equipment, all modern machinery, and full two to four years by their pupils in the department. Our school has very little equipment, the work is all hand work, and the pupils are in the department only one or two terms of twelve weeks each.

Miss Bess Callaway of St. Joseph and Mr. Albert Cunningham of Quincy Ill. spent Monday and Tuesday in Maryville as the guests of their relatives, Mr. and Mrs. C. A. Cunningham and family of East First street.

DO YOU NEED GLASSES?

Eyes Tested Free

Glasses Accurately Fitted by expert optician. Repairs Promptly Executed.

CRANE'S

DO YOU WANT ONE

FARMERS INSTITUTES MAY BE HAD FOR THE ASKING.

WRITE THE SECRETARY

Two Dates Open in This District and an Institute Can Be Secured if It is Wanted.

Mr. Farmer, do you want a farmers' institute?

If you do it is yours for the asking.

These institutes are a provision of our state for our benefit and will be found at once interesting and instructive.

Lecturers are sent to us free but we must get interested enough to say we will go and give them a hearing.

Read the following and take action as soon as possible in order to help the secretary arrange dates.

The proposition is explained in the following letter from Secretary T. C. Wilson, of the state board of agriculture at Columbia:

"To reduce the traveling expenses of our institute lecturers the state board of agriculture authorized me to divide the state into districts, and allot to each district certain dates for holding farmers' institutes. I have divided the state into six districts, and your county is in district No. 3. I have given each district two periods of twelve days each, and the dates given to your district are December 2 to 14, and January 20 to February 1. The county newspapers were given these facts several weeks ago, and I presume they gave notice to their readers, but I wish you would ask your papers to give special and prominent notice in their columns again.

"Any place desiring a farmers' institute should notify me as early as possible that I may arrange dates to suit our lecturers. If an institute is wanted at your place write me, giving size of hall, approximate number that will attend, and the subjects that will be most interesting. I will then arrange a date for holding the institute."

TO OPEN STATE CAMPAIGN.

Big Meeting to Be Held at St. Louis Next Wednesday by the Democrats.

Former Lieutenant Governor Aug. A. Bolte will preside at the big harmony meeting which will formally open the Democratic state campaign at the Odeon theater in St. Louis on Wednesday, September 25th.

On the platform with Gov. Bolte will be W. S. Cowherd of Kansas City, James Houchin of Jefferson City and D. A. Ball of Pike county.

The "keynote speech" will be delivered by Attorney General Major, the Democratic nominee for governor. The other speakers will be Hon. Champ Clark, Senator W. J. Stone and Senator James A. Reed.

Many prominent Democrats from various parts of the state have signified their intention to be present, and a record breaking attendance is assured. The Democratic state central committee, under whose auspices the meeting is to be held, extends a cordial invitation to the Democratic voters and to the people of the state generally.

FUNERAL WEDNESDAY.

Services in Memory of Mr. F. M. Petty Will Be Held at the First Presbyterian Church at 3 o'Clock.

The funeral services for Mr. F. M. Petty will be held at the First Presbyterian church Wednesday afternoon at 3 o'clock, conducted by the pastor, Rev. S. D. Harkness. Burial will take place in Miriam cemetery.

The body will lie in state at the Petty home, 206 South Main street, from 1 0o'clock a. m. until 1 o'clock from 10 o'clock a. m. until 1 o'clock p. m. The merchants will close their places of business for one hour from 3 to 4 o'clock and all shows and concessions at the street fair will stop business for five minutes.

Six month's course, Sept. 23. Make arrangements now. "An opportunity to those who work."

MARYVILLE BUSINESS COLLEGE

OLD SETTLERS' DAY

FIRST DAY OF STREET FAIR BRINGS OUT GOOD CROWD.

LOTS OF GOOD FEATURES

A Little Cool for the Old Folks, But a Good Many Were on Hand—A Big Week is Expected.

Wednesday's Program.

Draft horses, stallion and jack show on Main street in the morning. Free attractions, band concerts and other paid shows during the afternoon and evening.

Tuesday was old settlers' and old soldiers' day at the street fair, and was in reality the opening day. On Monday night a much larger crowd was on the streets than any Monday night crowd of any previous street fair, and all of the paid shows were well patronized, and so far as we have learned the shows are good and clean and the program entirely satisfactory to everybody who heard them.

The place for registration for old settlers and old soldiers is at the information booth, at the west entrance of the court house yard. Nearly all who registered Tuesday forenoon were old soldiers, and a full list will be given Wednesday. Not as many old settlers have registered as was expected, but the weather was pretty cool Tuesday morning for many to make the trip to Maryville, and it was thought that Tuesday afternoon will bring out a greater number. The attendance of the fair was large, many people coming from a distance.

Mrs. Martha Jane Conklin of Maryville was the oldest settler in Nodaway county registered up to 2 o'clock Tuesday afternoon. She is 84 years old and has lived in the county sixty-seven years. She came to Nodaway county in 1845 and settled on the Mozingo branch, east of the city. At that time the Indians were a common sight in this section, and it was three years before she saw a white person other than the members of her own family. She is the mother of sixteen children, five still living. She has fifty-three grandchildren and sixty-nine great-grandchildren. She is the mother of Mrs. Joseph Holloway, with whom she makes her home, on the Bell farm, near the city.

The names of the old settlers registered up to 2 o'clock are as follows:

Alfred Gray, Pickering, age 80, came to Nodaway county March 3, 1842.

C. W. Spillman, age 75, came to Missouri in 1877.

J. Hansen, age 79, came to county in 1877.

E. J. Baker, age 77, came to Missouri in 1868.

J. H. Green, age 73, came to Missouri in 1870.

J. L. Jones, born in Missouri, May 29, 1851.

W. L. Ruddell, came to Missouri in 1868.

Dr. J. A. Bickett, age 74, came to Nodaway county in 1858.

W. H. Frazee, 62, came to Missouri in 1848.

W. F. Smith, born in Nodaway county in 1858.

Samuel C. McCluskey, 76, came to Missouri in 1866.

J. F. Gray, born in Nodaway county in 1846.

Henry Eckert, came to Missouri in 1849, age 67.

William Funk, 75, came to Nodaway county in 1869.

J. F. Moon, 75 years old, 1855.

Peter Groppe, 64 years old, 1849.

Isaac N. Swallow, age 66, came in 1867.

B. Howard, age 78, came in 1856.

Mrs. Martha Jane Conklin, age 8[illegible] came to county in 1845.

Job Goslee, age 76, 1867.

Charles Anthony, age 67, came in 1876.

P. L. Growney, born in county in 1858.

Betsy Robinson, age 67, came in 1861.

Mrs. C. H. Carmichael, age 50, came in 1862.

J. Arthur Wray, born here in 1856.

Frank A. Woodard, age 61, came in 1858.

James Waugh of Barnard, 91, came here in 1854.

S. H. Pasco of Barnard, age 90, came in 1860.

J. B. Ford, age 79, came in 1853.

Catharine A. [illegible] age 90, came in 1859.

Mrs. J. M. Ringgold, age 62, came in 1856.

Entries at the Poultry Show.

The exhibits at the poultry show show as good birds as have been displayed at any poultry show that has been given in Maryville, in the opinion of E. L. Andrews, who is in charge of the poultry show tent. There are 203 fowls on exhibition, thirty-four pens of five each, twenty-nine trios and twelve pairs. The breeds exhibited are White, Buff and Brown Leghorns, Indian Games, Buff, Black and White Orpingtons, Single Comb and Rose Comb Rhode Island Reds, Hamburgs, Silver Lace Wyandottes, Partridges and Buff Wyandottes, Buff, White and Barred Plymouth Rocks, bantams and Indian Runner ducs.

The poultry will be judged by comparison Wednesday morning by D. C. Mohler, the ribbons placed and the cash premiums paid. The only draw back to the display is that it is so early in the season that all birds are under weight and the premiums cannot be awarded by the usual standards. It is a good show, anyway, and is attracting much attention from poultry fanciers.

Other Exhibition Tents.

There are also other exhibition tents being located on Third and Buchanan streets. They are the fruit and vegetable tent, which have many entries, and the farm and home machinery tent. A visit to any of these places will be worth your while.

Manager Hancock of the Field-Lippman piano store has erected a rest tent in front of their store on West Third street for the benefit of those that wish to sit down, and he invites the ladies and children to avail themselves of this privilege.

BIG AUTO PARADE.

Seventy-One Machines in Line and Prizes Awarded.

The first special feature of the street fair was the automobile parade on Tuesday afternoon, seventy-one automobiles taking part. The parade started from the corner of Fifth and Buchanan streets and marched down Main street and afterward lined up in front of the court house, where the prizes were awarded. The parade was headed by the Maryville band.

First prize of $20 went to No. 35, Marshal E. C. Moberly's car, driven by Will Whitney.

Second prize of $15 went to No. 27, Dave Moore's car.

Third prize of $10 went to No. 19, Roland Tabler's car.

Fourth prize of $5 went to No. 59, G. J. Moore's car.

The parade was a grand success and there were many cars from out of town. All car owners taking part in the parade were given numbers and those numbers were put in a box, a little boy drawing the four numbers.

ARRESTED FOR BEATING HORSE

W. E. Johnson, Who Has Been Selling School Supplies, Charged With Serious Offense.

W. E. Johnson, who has been in Maryville and Nodaway county for several days, was arrested Monday on a charge of whipping and beating a livery horse that he was driving on that day. The horse belonged to the Star livery barn, and the warrant was issued by the proprietor of that barn. The horse was badly beaten and bruised so that medical attention had to be given it.

Mr. Johnson gave bond for $300 Tuesday to appear at the November term of circuit court.

SELECTED TRAINING TEACHER

School Board Employed Mr. Isiael of Kirksville for That Department in High School.

The school board employed Monday Mr. Isiael of Kirksville, Mo., as manual training teacher for that department in the high school. Mr. Isiael is a graduate of the manual training department of the Kirksville normal and has had twenty-five months' experience as teacher in this line of work. He comes well recommended.

Guests From Colorado.

Mr. and Mrs. Millard Foster of Pueblo, Col., are guests at the home of Mr. Foster's sister, Mrs. W. O. Garrett and family, north of Maryville. The visitors are here on their way home from a visit with Mr. Foster's father, D. T. Foster of Ottumwa, Ia.

Mrs. T. P. McDowell went to Hiawatha, Kan., Monday evening to spend a week with her son, James McDowell.

WILL INVESTIGATE

STATE VETERINARIANS ARE HERE FROM COLUMBIA.

HERE TO SEE SICK HORSES

Have Been to Kansas and Reports From Nodaway Caused Them to Be Sent Here—Few Cases.

S. Sheldon, state veterinarian, and J. W. Conoway, in charge of the experimental work of the veterinary department of the University of Missouri, arrived in Maryville Tuesday noon from Hoxie, Kan., to investigate the horse plague in Nodaway county. They were ordered to come here by T. C. Wilson of Columbia, who sent them the following telegram Monday:

"Member board agriculture reports many cases horse disease in Nodaway county. Go there at once."

Messrs. Sheldon and Conoway, in company with Dr. G. H. Leach, deputy veterinary here, went this afternoon out to the Peter Behm farm, where Mr. Behm has a horse sick with a disease similar to the one that killed many horses in Kansas. Dr. Leach said that this was the only case that he knew of at this time. These men will make an examination of the horse and try to find out the cause of the sickness. Dr. Leech thought that these gentlemen would return to Columbia or back to Kansas this evening, as there are not many cases reported around Maryville at the present time. It was thought that the experts would go to Burlington Junction later in the afternoon to examine a few cases of the disease there.

Messrs. Conoway and Sheldon have been in Kansas for several days investigating the horse plague.

It is estimated that about fifteen horses in Nodaway county have died of this disease within the past week or so, ten of these being from the Burlington Junction neighborhood.

SCHNEIDER ARRESTED AGAIN.

The Arkoe Man Claimed That He Was Touched in Maryville Monday and Arrested for Drunkenness.

Sam Schneider of Arkoe, well known in Maryville to the police authorities and others, was arrested again Monday night for drunkenness and fined $5 and costs by Mayor Robey. Sam also told Sheriff Tilson that he was touched while getting his horse Monday night to go home. He said that a new watch that he had purchased in the city on Monday and $11 were taken from him. He was unable to give a description of the man. Sheriff Tilson is looking around today for clues.

"THE OLD WOMAN WHO LIVED IN

And Had So Many Children She Didn't Know What to Do," and "Peter, Peter, Punkin Eater."

Yes, sir, they are all going to be here at the children's carnival, Saturday afternoon.

Of course they are. And it will be the first time that the Old Woman Who Lived in a Shoe ever before ventured out with all her children, and she will have every one of them with her.

That children's parade is going to be the finest thing that ever was yet, already. Don't miss it for anything. And Peter, Peter, Punkin Eater will be there, too.

COMMITTEE MEETING.

The Republicans to Have One on Thursday to Discuss Ways and Means.

Chairman W. F. Phares of the Republican county committee has called a meeting of that committee for Thursday afternoon in the court house. The purpose of the meeting is to discuss ways and means for the campaign. Since the Bull Moose party has captured the Republican organization and also the Republican ticket, many Republicans feel as if they have no party committee.

THE WEATHER

Generally fair tonight and Wednesday.

An opponent of the single tax proposition says that the single tax and tax commission amendments are links off the same string of bologna and meat out of the same dog.

Old John L. Sullivan is to take the stump for Col. Roosevelt. Now what more is needed to convince the great American public that the Bull Moose is the original blown-in-the-bottle savior of mankind?

It is said that there are more newspapers supporting Wilson and Marshall than have supported the Democratic ticket in any campaign for fifty years. It may also be suggested that more people now have their eyes open than for many years.

A city is like an individual. To be worth while it must have an ambition to be and to do something more than to merely exist and be a way station on the road to some better place. Every town should stand for something. If it doesn't want commercial greatness it should strive for civic purity, cleanliness and the numerous little things that are within the reach of all. Every town to keep awake needs to pulse with a spirit of progress. It needs new blood in its veins occasionally. An inner organism from year to year composed of the same men with the same old ideas, the same old schemes, the same old jealousies and the same old interests means dry rot and slow death to any place. The best tonic for a town is to want to grow, to build up a bucket brigade with a big pay roll that will send a thrill of joy through the merchants' hearts at least once a month, and to extend the glad hand to all new comers that are worthy. Those who want to be so "awfully exclusive" ought to move to the Fiji islands or some place where a perpetual communion with nature is not disturbed by the exigencies of the hour.

A CANDIDATE WITHOUT CANT.

Governor Wilson says the Chicago Journal, is a candidate without cant. That alone is enough to make him remarkable in this campaign.

He has kept clear of the "conservative" cant that wrings its hands, and warns us to beware of changing even known abuses without the consent of those who profit by such abuses.

He has remained unspoiled by the "progressive" cant which consists in spitting on the tombstones of the fathers of this republic and mouthing eulogies on the bureaucratic despotisms of central Europe.

He is not even tempted by the personal cant which makes a man proclaim himself the only righteous creature in a sinful world, and the only hope of an otherwise lost and desolated nation.

Governor Wilson is a straightforward American, facing the future without apologizing for the past; justifying his faith by works, not by phrases; free to serve the people, and the whole people.

A REGULAR PRAIRIE FIRE.

Judge Wade Says Wilson is Running Strong in Iowa.

New York, Sept.—Judge M. J. Wade, national committeeman from Iowa arrived in New York from Chicago headquarters this week.

"We have a regular prairie fire in the west, made up of Wilson sentiment," said Judge Wade.

"The situation is growing more favorable to Democratic success at every tick of the clock. There is no telling where Roosevelt and Taft will stand. Personally, I think that Roosevelt will run second in the majority of the western states I feel that he will run second in Iowa, but our state chairman, who is a most excellent political judge, tells me that Roosevelt will not get more than 40 per cent of the Republican vote, and there you are.

"The Roosevelt sentiment has not crystalized, but is scattered and running around like so much mercury. We of the west are wonderfully pleased over the labor sentiment that is turning to Governor Wilson every day. The labor vote of this country is one of the most important factors in an election. The laboring man is doing his own thinking and he is going to vote as he sees fit.

"So far we find extraordinarily good news in all labor circles."

A FIVE-FOOT POCKET KNIFE.

But It's Not for Sale and is Intended to Advertise the Real Article.

A five-foot pocket knife with four blades and a buck horn handle and nickel name plate forms the center of an interesting display of cutlery in the windows of Hudson & Welch's hardware store. It was used as an advertising device at the St. Louis world's fair and attracted great crowds. It is operated by electricity and the great three-foot blades open and close with no visible power. The celebrated Keen Kutter hardware manufactured by the E. C. Simmons company and sold in Maryville by Hudson & Welch is advertised. The window is handsomely decorated and the display of cutlery intended for actual use is attractive and interesting. By all means see it.

HEARD GOV. MARSHALL.

Several From Maryville Attended the Marshall Meeting in St. Joseph Monday Night.

Gov. Thomas R. Marshall of Indiana, Democratic candidate for vice president, spoke at St. Joseph Monday night to a large crowd. Several from Maryville and Nodaway county attended the meeting. Congressman Charles F. Booher presided at the meeting and introduced Gov. Marshall, who talked for about an hour on the tariff and other issues in this campaign. Among those from Maryville that heard Gov. Marshall were O. L. Holmes, W. W. Jones, M. A. Peery, Ellis G. Cook, Henry Moore, George Robb Ellison James Todd and Charles McCaffrey.

FUNERAL AT ST. PATRICK'S.

Services for Mrs. Hannah Dooley at 9 o'Clock Wednesday Morning—Burial in St. Patrick's Cemetery.

The funeral services for Mrs. Hannah Dooley, who died at her home in this city Monday morning will take place Wednesday morning at 9 o'clock at St. Patrick's Catholic church, conducted by the pastor, Rev. Fr. Henry Niemann. Burial in St. Patrick's cemetery.

He Likes Richmond.

The Democrat-Forum is in receipt of a post card from Rev. W. J. Parvin, formerly pastor of the M. E. church, South, of this city, which bears the words "Am enjoying life around here, believe me." Mr. Parvin says those are his sentiments, and adds: "Lots of Democrats and South Methodists here, both of which suit me." The many friends of Mr. Parvin in Maryville will rejoice with him in the fact that he was assigned to so good a charge after his most excellent work here.

EASTMAN KODAKS and SUPPLIES at Crane's

ALL YOU NEED IS A CASCARET TONIGHT

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Morning.

Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the sour, undigested and fermenting food and that misery making gas; take the excess bile from your liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels. Then you will feel great.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love to take Cascarets because they taste good—never gripe or sicken.

Brought Guest From California.

Charles H. Eaton of Barnard came to Maryville Tuesday noon for a two days' visit with his daughters, Mrs. Scribner Beech, Jr., and Mrs. U. I. Willson. He was accompanied by his sister, Mrs. W. C. Price of Los Angeles, Cal. Mrs. Price will leave Maryville Wednesday night for St. Louis, where she will be met by her husband, who is there on business, and they will leave together for New York, Washington, Vicksburg and other points in the east for a pleasure trip.

Dr. and Mrs. R. E. Ferguson of Elmo were in Maryville Tuesday on their way home from a visit in St. Joseph.

MI-O-NA STOMACH TABLETS.

Banish Dyspepsia and Keep Stomach in Good Condition.

No matter how long you have suffered from a miserable upset stomach, indigestion or gastritis, MI-O-NA will end your troubles or the Orear-Henry Drug Co. will refund your money.

This same offer applies to distress after eating, gas, food fermentation, heaviness, sourness, sea or car sickness and vomiting of pregnancy.

No matter what ails your stomach, put your faith in MI-O-NA Stomach Tablets, a prescription that succeeds after all others fail. Large box 50 cents America over. Free trial treatment from Booth's MI-O-NA, Buffalo, N. Y. A postal request will do.

EL TIGRE MINE IS RE-CAPTURED

Federals Run Salazar's Rebels Away Without a Shot.

GOT $20,000 WORTH OF BULLION

All Demands for Ransom Abandoned in Haste to Get Away.—Even Left Horses and Cannon Behind.

Douglas, Ariz., Sept. 17.—Lucky Tiger, the rich gold mine which surrendered to Salazar's rebels Saturday, was retaken by the federal troops. No one was killed or injured, for not a shot was fired in the recapture.

It is reported that when the rebels fled before the charge of the Madero soldiers they took with them $20,000 worth of gold and silver bullion.

The federals numbered one hundred, many of them Yaqui Indians. They marched in quietly and the small band of Salazar's men who had stayed behind to demand the $100,000 ransom fled without a semblance of resistance.

Mine Officials Unmolested.

Telephone communication with the camp was restored just as the federal troops were moving in. The superintendent, L. R. Budrow, said that the rebels still were in sight going over the hills.

Although Salazar made a demand for $100,000 on threats of destroying the plant of the company valued at two million dollars, and of taking Superintendent Dudrow with him as a prisoner, none of the company officials was molested.

When the rebels departed they left four cannon and over 100 horses, although all went well mounted. They also took six of their wounded who had been placed in the company's hospital in the 20 hours' fighting before the capture of the town.

In anticipation of an attack on Macozari and the Phelps-Dodge copper mining town about 80 miles south of here, all of the women and children at the camp were brought to Douglas. About 60 refugees arrived, making the entire trip in about six hours.

Orozco a Prisoner?

El Paso, Tex., Sept. 17.—Six prisoners are held by United States troops at Presidio, Tex., opposite Ojinaga, Mexico, where Gen. Trucy Aubert has just arrived with 1,500 federal troops. Among the prisoners are all of the advisors and principal leaders of Gen. Pascual Orozco, jr., the rebel commander-in-chief.

It is believed that the person giving his name as Col. Pablo G. Orozco, a distant relative of the rebel leader, is the rebel leader himself.

WRANGLE OVER GRADE CROSSING

New Interurban Road Gets Injunction Against Railroads Entering St. Joseph.

St. Joseph, Mo., Sept. 17.—Circuit Judge Amick granted a temporary injunction restraining the Chicago, Burlington & Quincy, the Santa Fe and the Chicago, Rock Island & Pacific railroad companies from interfering with the Kansas City, Clay County & St. Joseph electric in the construction of a crossing near the south city limits.

It is said that because of the refusal of the interurban to share in the expense of an interlocking system at the crossing the steam roads are seeking to prevent it from crossing their tracks at grade. A hearing will be given some time next week.

REFUSES TO DISCHARGE POLICE

Coffeyville's Mayor Will Not Comply With Demand of County Prosecutor.

Coffeyville, Kan., Sept. 17.—Mayor E. C. Rice of this city, who was asked by County Attorney Clark to discharge the entire police force because of an alleged negligence in the enforcement of the Prohibitory Law in Coffeyville, answered the prosecutor by declining to do as requested. His reason is that there is no evidence against the policemen.

Hal Clark, county attorney, ordered the mayor to discharge the entire police force, from the chief down, threatening the mayor with ouster proceedings if he did not obey.

Coal Strike Continues.

Charleston, W. Va., Sept. 17.—Hopes of settling the strike in the Kanawha coal fields of West Virginia diminished when the coal operators refused to accept Governor Glasscock's plan of arbitration jointly offered the operators and miners. The plan was agreeable to the miners. The operators refused to accept it on the ground that all men, both union and nonunion, would not abide by the decision.

Lake Steamer Wrecked?

Dunkirk, N. Y., Sept. 17.—The crew of the fish tug Dunkirk reported twenty hatches, a chair and a piece of the railing of a steamer floating off Ripley. One of the hatches, which was marked "Steamer Neptune," was brought to Dunkirk by the crew. A message just received from Ripley says the authorities at that point have no knowledge of a wreck off that port.

NO IMMUNITY FOR HARVESTER MEN

Heads of Great Trust Not to be Whitewashed in Investigation.

"HIGHER-UPS" NOT TO TESTIFY

Those Responsible for Organization of Great Combination Cannot Escape Prosecution by the Usual Method.

Chicago, Sept. 17.—There is to be no "immunity bath" for George W. Perkins, Cyrus H. McCormick, Charles Deering or other leading spirits in the organization of the International Harvester company which the government charges was formed in violation of the Sherman anti-trust act.

Neither Perkins, McCormick nor Deering, it was just announced, will be called as witnesses in the pending civil suit to dissolve the corporation, for fear such testimony would grant them immunity.

Criminal Prosecution Likely.

This announcement gave the first intimation that the government is contemplating the possibility of criminal prosecution against the men responsible for the formation of the giant combine which the government charges violates the Sherman anti-trust act.

Joseph R. Darling, special agent of the department of justice, in charge of the preparation of evidence against the Harvester company, made it known that Perkins, McCormick and Deering were not to be summoned.

"The government does not propose to allow these men to gain immunity by testifying in the civil suit," he explained. It will be remembered that the packers in the 1906 prosecution of the beef trust gained an "immunity bath' because of the information which they had furnished the government. We do not intend to have a similar thing happen in the prosecution of the Harvester company."

"Does that mean that the big men in the harvester trust will be prosecuted criminally?" Mr. Darling was asked.

"It means that the government will take no chances of granting them immunity from such prosecution," he replied.

Subordinates to be Quizzed.

Such evidence as the government wants in the civil suit will be obtained from subordinate officers of the International Harvester company and from men who though actively concerned in the promotion of the trust, have taken no active part in its management for years and are thereby protected from possible prosecution by the statute of limitations.

William H. Jones, almost an octogenarian, came from a retirement of four years in response to a subpoena to tell about the organization of the combine, in which all harvester companies with the exception of four comparatively small enterprises were merged.

Mr. Jones was questioned before special examiner Robert S. Taylor of Duluth, in Judge Landis' court room.

AGED TEACHER BURNED TO DEATH

Explosion of Can of Coal Oil Ends Life of Instructor in Soldier's Orphans' Home.

Atchison, Kan., Sept. 17.—Miss Jeanette Russell, 50 years old, an instructor at the State Soldiers' Orphans' Home, died early in the morning from burns received when a can of oil exploded. She was a sister of Mrs. Jessie Brannaman, wife of a Kansas City physician. Miss Russell had been employed here for six years.

Oppose Convict Labor.

Sedalia, Mo., Sept. 17.—Whether the school books used by Missouri children shall be printed by convict labor was the most important matter discussed by the 159 delegates at the twenty-first annual convention of the Missouri State Federation of Labor here. A number of the delegates are women. The federation took a unanimous stand in opposition to the employment of convict labor.

Voted a Capital Site.

Guthrie, Ok., Sept. 17.—By a vote of 1,559 to 9, Guthrie voted to transfer to the state free title to the Guthrie Convention Hall and fourteen acres of ground surrounding it for state capitol purposes in case the capital is voted to Guthrie permanently on November 5. The deed to the property will be issued immediately and placed in Governor Cruce's hand.

No Gold in the Arctics.

St. Johns, Newfoundland, Sept 17.—After great hardships in the frozen North Capt. J. Bartlett of the steamer Neptune of this port, who headed a gold hunting expedition to Baffin Land, returned here, reporting the loss of one of his ships and the discovery of extensive coal deposits, but no gold.

Stop Flying at Dusk.

Chicago, Sept. 17.—Twilight flying was barred by officials of the Illinois Aero club as a result of the death of Howard Gill, who was killed Saturday in a midair collision, due partly to the semi-darkness.

The Mason Automobile

Is a two cylinder horizontal opposed; water cooled engine; the best, strongest and most durable all purpose car on the market.

Gene Dowis

Says the Mason will develop more power with less fuel, last longer and go further without any adjustment than any other Automobile manufactured in the United States under $2,000.00

The Mason Automobile

Is the first successful and most powerful two cylinder car that has ever been placed on the market.

The Heart

Of an Automobile is the engine, magneto and carburetor. If these three are properly designed to work together it is easy to drive as slow as a man can walk, or speed up to a mile a minute, without touching a pedal or lever. The Mason Automobile can do this with less machinery than any fourcylinder car manufactured in the world. Now Farmer, Doctor, Liveryman and Rural Route man, why should you buy a two cylinder Mason car instead of a four-cylinder car?

Because

First, you get more power and less expense. It costs $3 license fee per year on a two-cylinder car and $8 per year on a four-cylinder car. You won't use half as much lubricating grease on a two-cylinder car as you do on a four-cylinder car.

Why?

Because there are only one-half as many working parts to lubricate. It takes two more spark plugs to keep a four-cylinder car running, two more cylinders, two more pistons, 6 more piston rings, 2 more connecting rods and bearings, 4 more valves and valve springs, twice as much wiring and more than twice the expense tokeep in working order. It costs twice as much to have a four-cylinder car cleaned up as it does a two-cylinder car and on our four-cylinder cars the tire expense is almost double. You can develop more pulling power to the driving wheels of a two-cylinder car than you can a four-cylinder car; you have no sliding gear transmission to break up in our two-cylinder car; you have no fans and belts to bother with in our two-cylinder car; you have only half as many pedals and levers to keep in repair; your sparking devices will last twice as long on a two-cylinder car and won't give as much trouble as our four-cylinder car; our two-cylinder car cranks at the side, lessening the danger of being knocked down and run over by a four-cylinder car; the weight on the wheels of our two-cylinder car is more equally distributed on all wheels than on a four-cylinder car which insures more ease and comfort in riding over rough roads; our two-cylinder car has the same brake power as pulling power, therefore insuring the safety of your lives on hills or grades; our two-cylinder car has the gas tank in front of the engine which insures a good flow of gas to the power plant when going up a grade; the oiler on our two-cylinder car is force feed to all bearings, which insures long life and good service. Mr. T. W. Temple, of McPherson, Kansas, writes the company at Waterloo, Iowa, and says he owns a two-cylinder Mason car, Model A, that he bought of the Kansas City agent three years ago. Mr. Temple is in the livery business at the above place. He says he has drove this Mason car over fifty thousand miles and the most remarkable thing is that it has never had a bearing replaced in it, either in the machinery or running gear. And it has had hard service all its past life and has been used a number of times dragging in dead cars and forced to pull heavy loads besides 6 and 8 passengers. He says it is still giving good service and if they keep oil in the oiler it will give as m any more miles as it has in the past. Of all the drives that have been experimented with in the past—thebeval gear, the spur gear and worm gear—the chain and sprocket gear has proven itself to be the most reliable, most durable, easiest fixed, quietest running and longest lived of any of them. I say that no car on earth, selling at the price, will give as long and g ood service as the two-cylinder Mason Automobile

GENE DOWIS, Distributor

SHERIDAN, MIS...

$100 REWARD FOR AN AUTOMOBILE AS GOOD AS THE MASON

Warning! Don't leave the Street Fair grounds at Maryville until you have seen the wonderful exhibition of power shown you by the Mason Hill Climbers, the best Automobile for the money on the market. An ounce of demonstration is worth more to you than a ton of talk. Come and see us at the Street Fair.

The Mason Does It in Spite of Hills, Sand or Mud

THE CAR THAT NEVER MET DEFEAT IN ANY CONTEST

Always Ready—Always Gets There—Always Gets Back

It is Most Gratifying to have others claim that their Cars are as Good as the Mason

But when they claim to have climbed our 50 per cent incline as easy as the Mason does, or that they have climbed it at all, we must insist that they are stating what they know to be an unqualified falsehood.

No car of any make, power, or price has ever been able to equal our stunt

And we have been giving the same exhibition on the incline for the last six years, and have always invited others to try it, and all have failed.

Ability to climb hills—go through sand and mud is not our only quality.

We have speed. We have artistic lines and finish. We have easy riding and above all, durability that comes from years of comprehensive, intelligent and honest building of motor cars.

Nothing short of a personal trial can give you even an approximate idea of the efficiency, durability, and general all around superiority of our automobiles and light delivery cars.

After 9 years of unqualified success in producing automobiles we have come to the point where we know that we can and do produce the most satisfactory all around car at anywhere near our price.

It takes more than money, paper and printer's ink to produce a satisfactory automobile. It requires all these plus experience and intelligent comprehension of results.

Price should be the last thing to be considered in buying a car. "You can't get something for nothing."

While it is true that in building automobiles, there is used by different manufacturers the same motor, transmission clutch, wheels, axles, etc., they do not all use the same class of labor, or the same supervision in construction. That labor element is one that cannot be seen, it cannot be discovered except after long use. Open and closed bodies, two or four cylinders, chain or shaft drive, and any color you want.

Mason Motor Company, Waterloo, Iowa

or Gene Dowis, Sheridan, Missouri

Delegates to Presbytery.

Rev. S. D. Harkness, D. E. Hotchkin, Charles Wadley, Hal T. Hooker, John Dempsey and G. W. Demott went to St. Joseph Tuesday morning to attend the meeting of the Platte presbytery in session there this week. They will return for the funeral service of the late Mr. Petty Wednesday afternoon.

Many Driven From Home.

Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. It helps in coughs, colds and grip, croup, whooping cough and sore lungs make it a positive blessing. 50c and $1.00. Trial bottle free. Guaranteed by the Orear-Henry Drug Co.

Back From Vacation.

Miss Katherine Yehle returned Monday evening from a week's visit with the family of J. J. O'Connell of Corning, Ia.

Uncle Ezra Says

"It don't take more'n a gill uv effort to git folks into a peck of trouble," and a little neglect of constipation, biliousness, indigestion or other liver derangement will do the same. If ailing, take Dr. King's New Life Pills for quick results. Easy, safe, sure, and only 25 cents at the Orear-Henry Drug company.

Protection from loss by windstorms, fire or lightning is business, either in country or city. You owe it to yourself and family. Consult me now for special rates and terms, or phone me and I will call.

CHARLES HYSLOP.
General Agent.

The "Net"

Is the name of the big fifteen thousand dollar serial story which will appear in the Weekly Kansas City Star soon, for the newspaper rights of which the author received $15,000. The story, pronounced the greatest this popular novelist has written, will not be published as a book until it has run serially in this newspaper.

The theme is the Italian Mafia, and against that sinister background the author has thrown the softer colors of an absorbing and fascinating love story. The story, while tragic in tone, has the humor, springhtliness and action that have characterized his previous successes.

"The Net" will be continued in liberal installments each week, with fifteen powerful illustrations by Howard Giles. The subscription price of the Weekly Kansas City Star is 25 cents a year.

Subscribe now and avoid missing a copy. Address the Weekly Kansas City Star, Kansas City, Mo.

NOTICE OF FIRST MEETING OF CREDITORS.

In the district court of the United States for the western district of Missouri, St. Joseph division.

In the matter of Levenia J. Perry, bankrupt, in bankruptcy.

To the creditors of said bankrupt of Maryville, in the county of Nodaway and the district aforesaid.

Notice is hereby given that on the 13th day of September, 1912, the said Levenia J. Perry was duly adjudged a bankrupt, and that the first meeting of her said creditors will be held at my office in the city of St. Joseph, on the 28th day of September, 1912, at the hour of 10 o'clock a. m., at which time the said creditors may attend prove their claims, appoint a trustee, examine the bankrupt and transact such other business as may properly come before said meeting.

JOHN S. BOYER,
Referee in bankruptcy.

This 13th day of September, 1912.

A PERTINENT QUESTION.

How do you like to be the repair man? Not a very pleasant subject to be sure, but the job would ruffle your feelings as well as your clothes.

SAVE A LOT OF TROUBLE.

Bring your car to us for inspection and repairs. This will win in the long run. Have you ever tried our repair service? You will find quick action and low prices.

Have Guest From Chicago.

John Krisor of Chicago is the guest of his cousins, N. Schumacher and family, and Mr. and Mrs. Conrad Yehle. Mrs. Krisor will join her husband here this week for a visit.

Miss Lena Carder left Monday evening for a vacation trip to St. Joseph, Kansas City and Springfield, Mo.

An Estate Farm for Sale

Consisting of 350 acres, located eight miles southwest of Maryville. All smooth prairie land, subject to cultivation, with the exception of 20 acres of timber land, all under same fence. An ideal stock farm. Within a half mile of farm a good school house. Well improved, large barn 60x80, hog houses, double corn cribs, good dwelling of six rooms, a good tenant 4-room house, one splendid well with windmill, one fountain or spring piped into cement tank. The farm lies in one body, but could be divided into three smaller farms to good advantage. Can be purchaserd for $125 an acre if bought by December 1, 1912. Terms, cash.

Address all communications to Wm. Everhart, Maryville, Mo., or to Joseph Everhart, Pickering, Mo.

JOSEPH AND WILLIAM EVERHART
Executors of the Estate.

Don't Fail to Visit

The City Greenhouses, one block north public square, while attending street fair. Begonias, ferns, etc, on special sale.

Keeps Your Stove
"Always Ready for Company"

A bright, clean, *glossy* stove is the joy and pride of every housekeeper. But it is hard to *keep* a stove nice and shiny—unless Black Silk Stove Polish is used.

Here is the reason: Black Silk Stove Polish *sticks right to the iron*. It doesn't *rub off or dust off*. Its shine lasts *four times* longer than the shine of any *other* polish. You only need to polish *one-fourth* as often, yet your stove will be *cleaner, brighter* and *better looking* than it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Buy a can from your hardware or stove dealer. If you do not find it *better* than any other stove polish you have *ever* used *before*, your dealer is authorized to refund your money. But we feel sure you will agree with the *thousands* of *other* up-to-date women who are now using Black Silk Stove Polish and who say it is the "*best stove polish ever made.*"

LIQUID OR PASTE
ONE QUALITY

Be sure to get the *genuine*. Black Silk Stove Polish costs you *no more* than the ordinary kind.

Keep your grates, registers, fenders and stove pipes bright and free from rusting by using BLACK SILK AIR-DRYING ENAMEL. Brush free with each can of enamel only.

Use BLACK SILK METAL POLISH for silverware, nickel, tinware or brass. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.

We're Fixed to Do Your Work

Sunday a Big Day for Mt. Ayr.

Despite the inclement weather Sunday proved to be a great day for the Mt. Ayr M. E. church. A large crowd greeted the pastor at the morning service and listened very attentively while he preached to the new converts on the subject "How to Live a True Christian Life." Text found in Col. 3:17. At the close of this service seven new members were secured for the Epworth League and twenty-two persons were baptized, fourteen by sprinkling and eight by immersion. At 8 o'clock p. m. the pastor preached on "Repentance and Regeneration"—text Mark. 11:15, after which two souls responded to the invitation and were converted. This evening being the last evening of the meeting, the doors of the church were opened and twenty-three adults presented themselves as candidates for membership. The pastor had them take their place about the chancel, and after satisfactory answers were given to his questions they were given the right hand of fellowship and welcomed into the church.

The pastor and people were very much pleased with the result of this grand meeting, and every effort will be put forth toward the spiritual growth and vital piety of these new members.

Mt. Ayr church will have her shingling bee on Thursday, September 26. Everthing will be ready for business and dinner on the ground at the proper hour. There will be a short sermon delivered at the close of the dinner hour before returning to work. Everybody come and bring your hammer and see a house roofed for the Lord in a single day. Other improvement will be made later on, such as papering and planting a nice grove. Hurrah for Mt. Ayr.

W. E. ROYSTON, Pastor.

Have Guests From California.

Mr. and Mrs. S. P. Hargar of Haywards, Cal., are in Maryville on a visit to Mrs. Hargar's niece, Mrs. B. E. Condon and family. Mrs. Condon's parents, Mr. and Mrs. George B. Vaughn of Berkeley, Cal., will arrive this week for a visit.

To Old Soldiers' Reunion.

Mr. and Mrs. Alex Gray went to Darlington Tuesday to visit their son, James Gray, and attend the old soldiers' reunion in progress there.

Here From Texas.

TURKO-ITALIAN PEACE IS NEAR

Terms Practically Arranged With Exception of Loan to Turkey.

DEMANDS 600,000,000 FRANCS

Italy Now Negotiating for Money with English, French and Belgian Financiers.—One Mediterranean Port Retained.

Paris, Sept. 17.—The terms for peace between Italy and Turkey have been practically arranged with the exception of a proposed loan to Turkey of between 500,000,000 and 600,000,000 francs, concerning which Italy is now communicating with French, English and Belgium financiers, according to a telegram just received by the Paris Temps from Rene Puaux, one of its editors, at Geneva.

The terms of the proposed settlement include, the dispatch states, the definite acceptance by the porte that Italian occupation of Tripoli is an accomplished fact, Turkey being permitted to retain a Mediterranean port at one of the extremities of Libya, with a strip of territory allowing communication with the Arabs in the interior.

To Pay Turkish Debts.

Provision also is made for the recognition of the spiritual suzerainty of the sultan in Tripoli, Barca; for the payment of monetary grants to the Arab chiefs by Italy, which also will pay to Turkey annually a certain amount of the national debt, the payment being guaranteed by revenue derived from Libya; and for the cession to Turkey of some portion of Italian territory in the Red Sea as compensation for the loss of Tripoli.

The Italian delegates objected to the suggested retrocession of a part of Massowah in the Italian colony of Eritrea, and this may be eliminated. The question of the status of the Aegean islands has not been raised, the writer concludes, as Italy is aware that the powers would not agree to their retention by Italy.

BRUTAL EXHIBITION WAS FATAL

Mexican Bull Fighter is Killed by Infuriated Animal at Los Angeles.

Los Angeles, Cal., Sept. 17.—Francisco Del Valle Frasquito, a bull fighter, was the first victim of the celebration of Mexican Independence day. Frasquito is dying, gored through by a bull, which he attempted to throw by the horns.

With thousands of Mexicans gathered about the inclosure at a park here, Frasquito sprang over the wall, roused the bull to rage by waving a red flag and, as it dashed at him, caught its horns. His hands, damp with perspiration, slipped, and the bull threw him into the air, catching him on its horns. Then it dropped him to the ground, pawed him and gored him. Before attendants with pitchforks could reach the spot, the bull, apparently satisfied, trotted away.

LOW NECK DRESSES ARE BARRED

Wichita Women Must Be Fully Dressed if They Wish to Meet Cardinal Gibbons.

Wichita, Kan., Sept. 17.—Bishop Kinsey of Wichita, who has got as far as Chicago in his journey to meet Cardinal Gibbons of Baltimore, who will preside at the dedication of St. Mary's Cathedral here Wednesday, said Ralph H. Faxon, secretary of the Business Men's association, "that etiquette of the occasion demanded that the women guests who attend the reception shall wear neither low neck nor short sleeve gowns."

Mr. Faxon will pass out the information to those who are contemplating attendance on the dedication and they must govern themselves accordingly.

Try Bride for Murder.

Pittsburgh, Pa., Sept. 17.—Charged with the murder of her father, John Hockey, Mrs. Mary M. Muir, 17 years old, pleaded "not guilty" when placed on trial here. The killing followed the girl's marriage against her parents' wishes. Following her return from her elopement and marriage to John Muir, she says her father choked her and then she stabbed him with a bread knife.

Fired on American Sailors.

Bluefields, Nicaragua, Sept. 17.—American sailors from the gunboat Tacoma were fired upon in the streets here in an anti-American demonstration incident to the celebration of the anniversary of Central American independence. A mob of excited Nicaraguans was formed immediately and for a short time bloodshed was threatened.

Killed Sleeping on Track.

Neosho, Mo., Sept. 17.—Frederick Dorar of Camden County Missouri, 60 years old, was struck by a fast Kansas City Southern freight train a few miles north of Neosho and killed. He was sitting on the track and it is supposed, had stopped to rest and fallen asleep.

MISS BRIGGIE COLLINS DEAD.

Death Came at 12:30 o'Clock Tuesday Noon—Funeral Arrangements Not Yet Made.

Miss Briggie Collins, a daughter of Mr. and Mrs. Dennis Collins, living six miles north of Maryville, died at 12:30 o'clock Tuesday noon of consumption. The funeral services have not as yet been arranged for.

Miss Collins had been in failing health for the past two or three years and had spent the greater part of that time in New Mexico and Colorado in the hope of benefiting her health, but she continued to fail and came home last April, and for the last six weeks had been confined to her bed.

She was born twenty-nine years ago on June 28, in Atchison county. Her parents moved to Nodaway county when she was a small child, to the farm they now occupy. She was a graduate of the Maryville seminary and of St. Joseph academy at Tucson, Ariz. She taught in the schools of Nodaway county and in Colorado and Arizona for four years and was a capable student and teacher.

She is survived by her parents, two sisters and two brothers. Her sisters are Mrs. Zello Mullin of St. Joseph, Miss Anna Collins, at home; Richard Collins, a student at Creighton university at Omaha, and Dennis Collins, Jr., at home.

Cases Filed Today.

The following cases were filed today in the circuit clerk's office for the November term of circuit court:

Ben F. and Alex Litts vs. George A. Council, an injunction suit. Shinabargar, Blagg & Ellison, attorneys for the plaintiff, and Cook, Cummins & Dawson, attorneys for the defendant.

Farmers State bank of Skidmore vs. B. C., John W. and Mary C. Holt. Shinabargar, Blagg & Ellison attorneys for the plaintiff.

TO SEEK IMMUNIZING SERUM

HORSE PLAGUE TO BE STUDIED AT KANSAS CITY.

State of Kansas Will Soon Have Three Laboratories Busy in Search for Cure.

Tokeka, Sept. 17.—A third experiment station to try to work out a cure for the horse plague that has killed 22,000 Kansas horses in the last six weeks will be established immediately in Kansas City.

Dr. A. Sophian, a specialist on meningitis and infantile paralysis from New York, will have charge of the experiments to try to develop a serum or antitoxin that will make horses immune from the disease and cure them.

J. H. Mercer, state live stock sanitary commissioner, arranged for the purchase of four horses at Dodge City that have had the disease and entirely or partly recovered. Doctor Sophian is to furnish free use of his laboratory materials and do all the work needed to work out the experiment of obtaining a serum from the four animals that will cure and immunize sick and well horses.

The state agricultural college is carrying on a similar experiment but on a different theory at Hoxie and the state university is working along another theory at Ness City. The agricultural college work is based on the idea that a bacteria causes the disease and the university is developing the theory that a virus and not an organism is causing it. The experiment of Doctor Sophian covers both these theories partly and will be devoted entirely to making a curative serum.

Reports received by Mr. Mercer from all parts of the infected district indicated slight improvement over the conditions of Saturday. There were fewer cases, fewer deaths and the new cases do not appear so malignant as those which appeared earlier in the outbreak of the disease.

STANDARD OIL HAS COMPETITION

British Steamer Arrives With 6,000 Tons of Benzine From Sumatra and Burmah.

Seattle, Sept. 17.—The British tank steamship Romany has just arrived from Singapore with 6,000 tons of benzine to be delivered at a new plant at Richmond Beach, north of Seattle.

The benzine was produced in Sumatra and Burma. It will enter into competition with the product of the Standard Oil company and preparation has been made for the handling of great quantities of the Asiatic oil.

Dirigible Goes to Sea.

Heligoland, North Sea, Sept. 17.—The German fleet composed of 22 battle ships, six large and 11 small cruisers, flotillas of torpedo boats and torpedo boat destroyers and a number of auxiliary vessels, was reviewed off this island by the German Emperor. Fifteen passengers on board the Zeppelin dirigible balloon Hansa were among the spectators.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help.

I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui.

The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways.

Try it.

N. B.—*Write to:* Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for *Special Instructions*, and 64-page book, "Home Treatment for Women," sent in plain wrapper on request.
